**Project Manager-Consultant Engineer- Electrical Supervision Engineer**  
**Project Management Professional (PMP). Certificate ID No 1103888**

**Saudi Arabia. Al Khobar • (+966) 542922292 • meshari.almijlad@gmail.com**  
**Saudi Council of Engineers Membership No: 725380**

Seeking to achieve my ambition, I aim to join a professional work environment where I can apply my previous experiences, academic education, and personal skills to contribute to the development of the company. I am dedicated to working in the service of both my country and the company I work for, all towards achieving common goals.

## Experience

### **ELECTRICAL SUPERVISION ENGINEER**

06\2023 - TILL NOW

**Saudi Electricity Company, Smart RMU Project**

**Saudi Engineering Group International ( SEGI )**

Installation and remotely test the new equipment of the Smart RMU Project

Supervision of:

Equipment Installation & Testing:

Install and remotely test new Smart RMU project equipment from CHINT, META, ALFANAR, and LUCY, including MV automated ring main units, overhead load-break switches, auto-reclosers, sectionalizers, and related infrastructure.

Supervision Tasks:

Oversee dismantling of old equipment, cable trench excavation, cable laying, backfilling, concrete foundation construction, termination/joint installations, and asphalt restoration.

Testing & Commissioning:

Perform testing and commissioning according to pre-commissioning standards, including local and remote control center integration.

Safety Oversight:

Conduct daily site safety inspections, ensure contractor compliance with safety standards, inspect PPE/tools, and address hazardous situations.

Operational Coordination:

Prepare and execute switching programs, obtain approvals, and coordinate with the Control Center for smart equipment deployment per Saudi Electricity Company standards
