## Summary

---

I am a dedicated Civil Engineer with a strong background in landscape and civil construction. Throughout my career, I have worked on diverse projects, including building construction and hardscape/softscape implementation. My expertise lies in site supervision, project coordination, and quality control, ensuring projects are delivered on time, within budget, and in compliance with specifications. I have extensive experience collaborating with contractors and teams to resolve challenges, enhance efficiency, and uphold safety standards on-site. Additionally, I am proficient in interpreting engineering drawings, planning construction activities, and utilizing engineering software to support project execution. Driven by a passion for practical and sustainable solutions, I continuously seek to refine my skills and contribute to high-quality construction and landscaping projects.
