SHIPLOADER UREA SECTION A(JUBAIL) - SABTANK - SABIC

As Site Incharge, my responsibilities include managing the entire site operation, arranging materials, coordinating with suppliers, organizing rental employees, preparing purchase orders and quotations for SABIC, issuing delivery notes, preparing invoices, handling port gate procedures, processing employee payroll, and submitting daily reports to the Head Office.

ERP SOFTWARE

I am an expert in ERP software. By using ERP software, I create various documents such as invoices, quotations, purchase orders, expense claims, delivery notes, and employee payroll.

What is Quotation and Purchase Order?

If my company provides services to another company, I issue a quotation, and they respond with a purchase order. Conversely, if my company receives services from another company, they provide us with a quotation, and we issue a purchase order.
