 Saudi Arabia

OBJECTIVE

I'm aiming to leverage my academic knowledge and practical skills as a civil engineer to contribute to infrastructure development projects. Eager to engage in design, construction, and project management tasks while learning from industry professionals, I seek to continuously develop my expertise and add value to a dynamic team.

EDUCATION

University of Bisha

Bachelor's degree in civil engineering.

Graduation Date: 01 September 2022.

EXPERIENCES

Civil Works Company

Civil Engineer | July 2024 – Present.

- Oversee construction projects to ensure compliance with project specifications and engineering standards.
- Collaborate with architects, engineers, and contractors to ensure project milestones are achieved.
- Prepare progress reports and assist in project planning and scheduling.

Horizon Infrastructure Contracting Company

Civil Engineer | August 2023 – July 2024.

- Conducted on-site inspections to ensure project compliance with engineering standards.
- Assisted in the design and planning of infrastructure projects.
- Collaborated with multidisciplinary teams to meet project goals.

Al-Rajhi Development Company Limited

Civil Engineer | April 2022 – May 2023.

- Supervised the construction of residential and commercial projects.
- Assisted in project management and documentation.
- Ensured compliance with the Saudi Building Code and safety standards.
