Professional Summary

A highly motivated and detail-oriented **Civil QC Inspector** with a **Bachelor's Degree from IQRA National University, Peshawar**. With **over Six years of hands-on experience**, I have developed expertise in **quality control and material testing** across diverse projects. My proficiency in **QA/QC procedures, site inspections, and technical documentation** allows me to contribute effectively to project success. Committed to upholding industry standards, I am eager to bring my skills and experience to a dynamic and professional team.

EDUCATION

BSc CIVIL Engineering from IQRA National University Peshawar PAKISTAN

Thesis: Bagasse-Ash based Fiber Reinforced Self Compacting Concrete

Work Experience

1. Asda East & West Construction Company

Position: Civil QC Inspector

Duration: April 2023 to DEC 2024

Responsibilities:

- Conducted quality inspections on structural and architectural works, ensuring compliance with project specifications and standards.
- Monitored concrete pouring, rebar installation, and formwork alignment.
- Inspected infrastructure works, including drainage, utilities, and road base preparation.
- Reviewed material test reports and coordinated with consultants for approvals.
- Prepared NCRs, method statements, and inspection reports.

2. A.Bin Taleb Swimming Construction Company

Position: QA/ QC Inspector

Duration: Feb 2022 to March 2023

Responsibilities:

- Ensured quality control of swimming pool construction, waterproofing, and tiling works.
- Verified concrete mix designs and conducted slump tests for structural elements.
- Supervised finishing works, including plastering, flooring, and waterproofing applications.
- Conducted field density tests (FDT) for road and infrastructure layers.
- Maintained project documentation and assisted in quality audits.

1. Al-Falah Co. Ltd

Position: Civil QC Inspector

Duration: June 2020 to Jan 2022

Responsibilities:

- inspected site execution for compliance with approved IFC drawings and method statements.
- Conducted quality checks for road construction, asphalt laying, and compaction tests.
- Ensured proper installation of utilities, manholes, and stormwater drainage systems.
- Coordinated with contractors and consultants for quality issue resolutions.
- Monitored site tests, including compressive strength, core cutting, and soil compaction.

2. NIZAR AL-KURDI AI-MILLI ENGINEERING CONSULTANTS

Position: Civil QC Inspector

Duration: Jan 2019 to May 2020

- Conducted pre-pour, during-pour, and post-pour inspections.
- Ensured compliance with safety and quality standards for infrastructure projects.
- Verified road construction layers, including subgrade, subbase, and asphalt compaction.
- Prepared inspection requests (IRs), test reports, and material submittals.
- Supervised quality control for building structural works, including columns, slabs, and beams.
