Professional Summary

A dedicated and experienced Site Civil Engineer with 8 years of expertise in highway engineering, waterproofing, concrete repair, and rockfall stabilization. Proven track record in delivering high-quality construction solutions, ensuring safety standards, and meeting project deadlines. Adept at coordinating with multidisciplinary teams, resolving onsite challenges, and managing resources efficiently.

Professional Experience

Senior Site Civil Engineer

Gulf Crete LTD. | 2018 - Present

- Spearheaded various waterproofing, concrete repair, and rockfall stabilization projects across Saudi Arabia.
- Led teams in the installation of waterproofing systems and performed complex concrete repairs.
- Ensured compliance with safety standards and optimized onsite workflow to meet deadlines.
- Coordinated with project managers, subcontractors, and suppliers to ensure smooth project execution.
- Monitored project progress and prepared detailed reports for senior management.

Site Civil Engineer

Marduf Co. | 2016 - 2018

- Managed onsite operations for highway construction projects, ensuring timely completion and adherence to quality standards.
- Conducted site inspections to verify work compliance with engineering drawings and specifications.
- Collaborated with design and engineering teams to address technical challenges and

optimize construction processes.

- Supervised subcontractors and laborers, providing technical guidance to enhance performance.
