SUMMARY

I am a skilled GIS Editor with expertise in spatial data analysis, map creation, and geospatial data management for urban and environmental projects. My education in Geographic Information Systems has equipped me with advanced knowledge and hands-on experience using tools like ArcGIS and QGIS. I excel in developing and updating GIS maps, providing technical support, and training team members.

EXPERIENCE

Taqnia ETS | Saudi Arabia

GIS Editor | February 2024 – Present.

- Conduct spatial data analysis and create detailed maps for urban and environmental projects.
- Collect, process, and analyze geospatial data for environmental studies.
- Develop and update GIS maps for land use and hydrological assessments.
- Provide technical support for GIS tools and train team members.
- Manage and integrate GPS data into the GIS database.

EDUCATION

Princess Nourah Bint Abdulrahman University | Saudi Arabia

Bachelor's Degree in Geographic Information Systems (GIS) | June 2020 – June 2024.

- Acquired in-depth knowledge of GIS technologies and methodologies.
- Gained hands-on experience in spatial data analysis and map creation.
- Developed expertise in using various GIS software and tools such as ArcGIS and QGIS.
- Engaged in practical projects involving environmental and urban planning applications.

OTHER

● Certifications & Courses:

- Project Management Professional Course | March 2024.
- Remote Sensing and GIS Applications Course.
- Cloud Computing Course.
- Database Design Course.
- Hydraulic Modeling Course.
- Geographic Spreadsheets Course.
- Esri Software Course.
- QGIS Course.
- ERDAS Course.
- Google Earth Course.
- Specialist Geographic Information Systems in SAUDI COUNCIL OF ENGINEERS

● Technical Skills:

- Data Analysis.
- Geographic Information Systems (GIS).
- Cartography.
- ArcGIS.
- Database Management.
- GPS Data Management.
- QGIS.
- Urban Planning
- Microsoft Office Skills.

● Soft Skills:

- Communication Skills.
- Creative Problem-Solving.
- Adaptability and Flexibility.
- Teamwork.
- Creativity and Innovation.
- Time Management.
- Attention to Detail
