Mr. Director of Human Resources

I am applying for a position at your esteemed organization. I hold a Bachelor's degree in Construction Engineering from the High Institute of Engineering and Technology in Zagazig. My educational background and practical experience qualify me to be a valuable addition to your team.

I have worked on various projects, including roles as a Site Engineer Civil Engineer (supervision, technical office, design), which has provided me with comprehensive experience in project management, structural planning, and execution supervision. I am committed to adhering to high engineering standards and ensuring projects are completed within the specified timeline and budget.

I aspire to be a part of your professional and distinguished team and look forward to contributing to the continued success and growth of the organization. I have attached my resume for your review and welcome the opportunity to discuss how I can contribute to achieving the organization's goals.

Thank you very much for your time and consideration

Sincerely,

Ahmed Alaa Mohamed Mahmoud

PROFESSIONAL PROFILE

Here's the translation of your additional text into English: I am seeking to work in a leading organization that allows me to utilize my technical and managerial skills in project execution and achieving the organization's goals. I aim to contribute to the development of projects with high quality, within the specified timeline and a suitable budget, by applying the latest engineering methods and advanced technologies. I have experience in project management and coordinating multiple teams, and I am committed to developing my professional skills and enhancing work quality to achieve excellence in this field.
