KSA

Education

Bachelor of Civil Engineering,
Menofia University, Egypt, May
2008

Graduation Project: Geotechnical
& Foundation Engineering

Certifications

- Project Management Professional (PMP®) – PMI, No. 2897837
- Certified Cost Professional (CCP®) – AACE International, No. CCP-5561
- Risk Management Professional (RMP®) – PMI, No. 4042121
- Portfolio, Programme & Project Offices (P3O®) – AXELOS, No. GR645011517OG

Personal Skills

- Leadership
- Problem-Solving
- Teamwork
- Negotiation
- Time Management
- Strategic Thinking
- Decision Making
- Stress Management
- Crisis Management
- Communication
- Delegation
- Motivation

About Me

A highly accomplished Civil Engineer with over 17 years of experience in large-scale construction and infrastructure projects across Egypt and Saudi Arabia. Expertise in project management, cost control, and supervision of complex engineering operations, including infrastructure, road projects, and water and sewage systems. Skilled in leading multidisciplinary teams, optimizing workflows, and ensuring financial and regulatory compliance. Passionate about delivering high-quality engineering solutions through strategic planning, risk management, and quality assurance.

Work Experience

Abdullah A.M. Al-Khodari Sons Co. | September 2013 – Present

Hail Infrastructure Development Project "Ministry of Municipalities and Housing"

Project Manager | May 2023 – Present

- Leading infrastructure development, including roads, sewage, potable water, fire supply, street lighting, electrical, and telecom.
- Managing a SAR 78 million project, ensuring on-time and cost-effective delivery.
- Coordinating with government authorities for compliance and approvals.
- Supervising multidisciplinary teams and ensuring seamless cross-departmental collaboration.
- Preparing progress reports, financial forecasts, and risk assessments.
- Managing contract administration, procurement strategies, and supplier negotiations.
- Implementing quality assurance and safety protocols to ensure adherence to standards.
- Overseeing engineering designs, execution plans, and site operations.

Hail & Qasim Area Infrastructure Projects "Ministry of Municipalities and Housing"

Project Manager | August 2020 – April 2023

- Directed six large-scale infrastructure projects with a total value of SAR 830 million.
- Managed roadworks, drainage, potable water, fire networks, and street lighting.
- Oversaw budgeting, cost estimation, and procurement for resource optimization.
- Provided progress reports to stakeholders, ensuring transparency and informed decision-making.
- Conducted site inspections, risk management, and safety audits.
- Coordinated with consultants, subcontractors, and local authorities.
- Developed project schedules, manpower planning, and workflow optimization.

Professional Skills

- Project Management
- Cost Control
- Estimation & Planning
- Contract Administration
- Risk Analysis
- Resource Allocation
- Strategic Planning
- Budgeting
- Quality Assurance
- Engineering Coordination

Technical Skills

- AutoCAD
- Civil 3D
- Primavera P6
- Microsoft Office
- Quantity Surveying
- Quality Management
- Cost Analysis
- Engineering Design
- Site Planning
- Water & Sewage Network Design
- Data Analysis

Languages

- **Arabic:** Native
- **English:** Excellent (Written & Spoken)

Personal Information

- **Date of Birth:** 20/01/1985
- **Nationality:** Egyptian
- **Religion:** Muslim
- **Marital Status:** Married
- **Military Status:** Exempted
- **Driving License:** Valid Saudi & Egyptian License

Hail City Infrastructure Project "Ministry of Housing"

Construction Manager | April 2015 – August 2020

- Led the execution of a SAR 381 million infrastructure project, ensuring compliance with standards.
- Managed roadworks, sewage & water networks, street lighting, and landscaping.
- Developed detailed project schedules and maintained contractor relations for efficiency.
- Ensured quality control and adherence to engineering standards.
- Handled site coordination, material procurement, and workforce management.
- Prepared and reviewed technical reports, claims, and variation orders.

Project Engineer | September 2013 – April 2015

- Supervised construction activities, site inspections, and daily operations.
- Ensured compliance with project specifications, health, and safety regulations.
- Monitored project progress, cost control, and risk management.
- Managed engineering coordination and problem-solving on-site.

El Nasr for Construction & Building (Egyco) | November 2009 – September 2013

Tala City Potable Water Lines & Treatment Plant Project

Senior Site Engineer | November 2012 – September 2013

- Supervised 70 km of potable water pipelines and an 86,000 m³/day treatment plant.
- Ensured material compliance and quality standards.
- Oversaw site execution, technical coordination, and resource allocation.
- Managed subcontractors, labor teams, and site logistics.
- Conducted testing and commissioning of water networks.

Sanitation System in Various Villages in Menofia

Site Engineer | December 2010 – November 2012

- Oversaw 180 km of sewage pipelines and 8 lift stations.
- Ensured environmental and quality compliance.
- Coordinated excavation, pipe laying, and backfilling operations.
- Assisted in design modifications and technical problem-solving.
- Conducted cost tracking and materials management.

Tala City Sanitation System Project

Site Engineer | November 2009 – December 2010

- Managed 75 km of sewage pipelines, four lift stations, and 25 km of force main lines.
- Coordinated surveying, leveling, and pipe installation activities.
- Ensured workforce safety, adherence to project deadlines, and quality control.

El Masrya Group for Tourism Village Construction | August 2008 – October 2009

Ramses Royal Suite – Tourist Village

Site Engineer | August 2008 – October 2009

- Managed hotel buildings, structural works, and finishing operations.
- Ensured site execution per architectural and structural drawings.
- Supervised material procurement, contractor coordination, and safety compliance.
