📍 Egyptian National | PMP® Certified | Available for relocation

Dear Hiring Manager,

I am writing to express my interest in the Project Manager position within your esteemed organization. With over 20 years of progressive experience in civil engineering and large-scale construction management, I bring a proven track record of delivering complex projects including high-speed railway stations, luxury 5-star hotels, and strategic government facilities on time, within budget, and to international standards.

As a certified Project Management Professional (PMP®), I have successfully led multidisciplinary teams on mega-projects across Saudi Arabia and Egypt. My core competencies include strategic planning, cost control, contract management (including FIDIC), and stakeholder coordination. Whether working under the direction of international consultants or directly with government entities, I consistently drive performance, quality, and safety across all phases of project delivery.

I take pride in my ability to balance high-level leadership with on-site execution, ensuring seamless operations from pre-construction to final handover. My management style is hands-on, results-oriented, and rooted in clear communication and accountability.

I am confident that my experience, technical knowledge, and leadership capabilities make me a strong candidate for a Project Manager role in your organization. I am open to opportunities across different regions and available for immediate interview or relocation.

Thank you for considering my application. I look forward to the opportunity to contribute to your team and deliver excellence in your upcoming projects.

Warm regards,
Sameh Mohamed Ali

خطاب تقديم - التقديم على وظيفة مدير مشروع
المهندس / سامح محمد علي

✉ engsameh1972@yahoo.com | ☎ +966 0501907245 | ☎ +20 01224242587

جاهز للانتقال فوراً | PMP® الجنسية: مصري | مدير مشروعات معتمد

السادة / إدارة الموارد البشرية المحترمين،

تحية طيبة وبعد،

أتقدم إلى سيادتكم بطلب الترشح لوظيفة مدير مشروع لدى مؤسستكم الموقرة. أمتلك أكثر من 20 عامًا من الخبرة العملية في مجال الهندسة المدنية وإدارة المشروعات الكبرى، حيث أشرفت على تنفيذ العديد من المشاريع المتميزة، مثل محطات القطارات فائقة السرعة، والفنادق الفاخرة ذات الخمس نجوم، والمنشآت الحكومية الأمنية، في كل من المملكة العربية السعودية ومصر.

أنا حاصل على شهادة مدير مشروعات محترف، وأتمتع بكفاءة عالية في إدارة فرق العمل متعددة التخصصات، وتخطيط وتنفيذ المشاريع من البداية وحتى التسليم، مع تحقيق التوازن بين الجودة، الوقت، والتكلفة، كما لدي خبرة واسعة في إدارة العقود وضبط التكاليف، والتواصل مع الجهات الحكومية والاستشارية.

أتميز بأسلوب قيادي عملي ومباشر، وأحرص دائمًا على تنفيذ الأعمال بأعلى مستويات الجودة والسلامة، مع الالتزام الكامل بالجدول الزمني والميزانيات المعتمدة

أطلع لفرصة الانضمام إلى فريق عملكم المحترف، والمساهمة بخبرتي وكفاءتي في تحقيق نجاح مشروعاتكم المستقبلية.

شاكراً ومقدرًا وقتكم واهتمامكم،

وتفضلوا بقبول فائق الاحترام والتقدير

المهندس / سامح محمد علي

RESUME

Sameh Mohamed Ali

Project Manager

Email: engsameh1972@yahoo.com | Mob: +966 0501907245

Objective

Dynamic and results-driven Civil Engineer & PMP-certified Project Manager with over two decades of hands-on leadership in delivering high-impact, multi-million-dollar construction projects across Egypt and Saudi Arabia. I bring a proven record of success managing the full lifecycle of mega infrastructure developments, including high-speed railway stations, world-class 5-star resorts, and critical government security complexes.

Renowned for turning vision into reality by translating complex designs into fully executed high-quality structures. Skilled in strategic planning, project execution, stakeholder coordination, cost optimization, and risk mitigation, all while leading diverse teams with clarity, confidence, and precision.

I don't just manage projects, I drive them to exceed expectations, on time and on budget.

Personal Attributes

I bring a solid foundation of technical expertise combined with strategic leadership and hands-on execution, known for my ability to lead multidisciplinary teams, optimize project workflows, and deliver complex construction projects on time and within budget. I thrive in high-pressure environments, maintain strong attention to detail, and consistently drive quality, safety, and performance excellence across all phases of project delivery.

Key Roles Responsibilities

Project Management & Engineering Skills

- Strategic Project Planning & Execution
- Cost Estimation, Budgeting & Cost Control
- Contract Management (including FIDIC Standards)
- Risk Management & Quality Assurance
- Project Scheduling & Monitoring (Primavera P6)

Technical Proficiency

- Primavera P6 | AutoCAD | MS Excel | MS Word
- Construction Health & Safety (OSHA Certified)

Certifications & Credentials

- PMP Certified (PMI ID: 6495331)
- Scheduling Professional (SP)
- Certified by Ministry of Interior, KSA
- Completed Advanced Business Development Program

Job Summary

With over 20 years of leadership in civil engineering and construction project management, I have overseen the execution of high-profile, multi-million-dollar developments across Egypt and the Kingdom of Saudi Arabia. My career spans mega-scale infrastructure such as high-speed rail stations, luxury 5-star hospitality projects, and high-security government complexes all delivered to international standards under demanding schedules and budgets.

Recognized for leading cross-functional teams of up to 300 personnel, I excel at driving complex projects from initial design to final handover. I bring deep expertise in contract management, cost control, risk mitigation, and stakeholder coordination ensuring operational excellence at every phase. Whether working with global consultants or managing on-site execution, I consistently deliver results that meet both client and regulatory expectations.

Professional Experience

Project Manager

Almasar Alhadees for Construction – Al Madinah Al Munawwarah, KSA

Jan 2025 – Present

Appointed as Project Manager for a major residential development under the Ministry of Housing, leading the execution of one of the kingdom's strategic national housing initiatives.

- Led a multidisciplinary team of 150+ engineers, supervisors, and site workers across civil, architectural, and MEP disciplines.
- Delivered critical project phases **15% ahead of schedule** through proactive planning and real-time progress tracking via Primavera P6.
- Achieved **12% cost savings** through value engineering, procurement optimization, and efficient resource allocation.
- Ensured full compliance with Saudi building codes, safety regulations, and ministry standards.
- Acted as the primary liaison between ministry officials, consultants, and contractors to maintain alignment and ensure stakeholder satisfaction.

Project Manager

Alexandria for Construction (Talaat Moustafa Group – TMG) – Sidi Abd Elrahman, Egypt

Jun 2022 – Dec 2024

Managed the execution of a high-speed electric railway station, a flagship infrastructure project under national development, supervised by international consultants.

- Directed all construction activities across structural, architectural, and electromechanical scopes with a workforce of **over 180 personnel**.
- Coordinated with international consultants and local authorities to meet design standards, safety codes, and project milestones.
- Delivered the station's core structure and MEP installations **2 months ahead of schedule**, minimizing downtime and maximizing resource efficiency.
- Implemented advanced project controls, achieving **10% reduction in projected material waste**.
- Oversaw contractor performance, procurement, and progress reporting to executive stakeholders.
- Maintained daily site operations with zero major safety incidents throughout the project timeline.

Projects Manager

Baron Hotels & Resorts – Sharm El Sheikh, Hurghada & Cairo, Egypt

Dec 2020 – Jun 2022

Oversaw the development and upgrade of multiple 5-star hotel properties across Egypt, including new builds and renovations, ensuring world-class standards in design, finishing, and guest experience.

- Managed simultaneous project operations across **three high-end hospitality sites**, coordinating construction schedules, contracts, and execution strategies.
- Led a team of **120+ engineers, subcontractors, and vendors** across civil, architectural, and MEP scopes.
- Developed master schedules and project budgets for each site, maintaining consistent alignment with board-level directives.
- Delivered renovation phases with **zero downtime to hotel operations**, using phased execution strategies.
- Optimized procurement and contract negotiations, contributing to **8% budget savings** across all projects.
- Ensured luxury-grade finishing and strict quality control to meet 5-star standards and international tourism requirements.

Projects Manager / Construction Manager

Sunrise Group for Touristic Investment – Egypt (El Sokhna, Sharm El Sheikh, Hurghada)

Mar 2020 – Nov 2020 | Oct 2016 – Feb 2020

Held dual leadership roles overseeing luxury resort developments and a high-end residential compound, managing full-cycle construction, renovation, and infrastructure upgrades across multiple coastal cities.

- Led the construction of **Azha Compound in El Sokhna**, coordinating civil and finishing works for residential buildings and landscape areas.
- Directed multiple 5-star hotel renovation and upgrade projects in Sharm El Sheikh and Hurghada, ensuring minimal disruption to ongoing operations.
- Supervised a team of **100+ staff and subcontractors**, ensuring timely execution and consistent quality across locations.
- Improved efficiency through contractor coordination and schedule optimization, delivering renovation phases **ahead of peak tourist seasons**.
- Controlled project budgets, timelines, and contractor KPIs with regular reporting to executive stakeholders.

Construction Manager

Saudi Binladin Group – Albaha, KSA

Dec 2011 – Apr 2014 | Apr 2014 – May 2016

Managed two consecutive phases (KAP0 & KAP3) of the Kingdom's Strategic Security Projects for the Ministry of Interior, overseeing high-security facility construction in compliance with strict government protocols.

- Directed construction of specialized security complexes, including operations centers, administrative buildings, and infrastructure works.
- Supervised **150+ personnel** across structural, electromechanical, and finishing disciplines with strict adherence to classified project standards.
- Implemented rigorous safety procedures, achieving **zero major incidents** over 4+ years of operation.
- Coordinated with ministry-appointed consultants and internal project controls teams to ensure compliance, accuracy, and transparency.
- Delivered project milestones **ahead of contract deadlines**, contributing to national-level strategic outcomes.

Project Manager

Global for Touristic Development & Hotels – Sharm El Sheikh, Egypt

Oct 2010 – Nov 2011

Led the full-cycle construction of the Reef Oasis Eden Hotel, a luxury 5-star resort, overseeing structural execution, interior finishing, and site development.

- Directed daily site operations, managing a **team of over 80 technical staff and subcontractors** across all project disciplines.
- Coordinated with architects, designers, and vendors to ensure luxury-grade finishes and hospitality-compliant specifications.
- Delivered the project within timeline and budget targets, maintaining high standards in guest-room quality, amenities, and external landscaping.
- Ensured alignment with tourism authority regulations, building codes, and investor expectations.

Construction Manager

Tropicana for Touristic Investment & Hotels – Hurghada, Egypt

Dec 2008 – Sep 2010

Led the construction of the Premier Le Rêve Hotel, a flagship 5-star beachfront resort in Hurghada, managing structural integrity and luxury-level execution.

- Directed project execution across all phases, from site preparation and civil works to final handover.
- Successfully managed cross-discipline coordination and fast-tracked schedules to meet aggressive launch goals.
- Delivered exceptional finishing quality, helping the resort establish itself as one of the top-rated destinations in the area.
- Oversaw teams of **90+ workers and subcontractors**, ensuring work met both company and tourism sector standards.

Senior Site Engineer / Finishing Works Lead

Global for Touristic Development & Hotels – Sharm El Sheikh, Egypt

Jun 2002 – Aug 2006

Oversaw core civil works and high-quality finishing for the Reef Oasis Hotel, a 5-star resort project, including key amenities and guest-facing structures.

- Managed execution of health club, restaurants, guest rooms, and landscape zones with a focus on architectural detail and luxury standards.
- Coordinated sites work between civil, electromechanical, and finishing teams to ensure smooth sequencing and quality integration.
- Delivered all assigned scopes **on time and with top-tier finishing**, contributing to the successful opening of the resort.
- Implemented safety, quality control, and daily progress tracking across assigned work zones.

Site Engineer

Megarbl for Contracting – Alexandria, Egypt

Mar 1998 – May 2002

Led on-site construction for public school projects in Alexandria, from deep foundation works to final finishing, gaining full-spectrum experience in structural execution.

- Managed the construction of **Mamoura and Motaheda Schools**, overseeing all civil works from piling and foundation to finishing and handover.
- Supervised subcontractors and daily labor teams, ensuring quality standards and safety procedures were upheld.
- Delivered both projects **within timeline and cost parameters**, contributing to the city's educational infrastructure development.
- Reported directly to project consultants and ensured compliance with municipal construction codes and regulations.

Site Engineer – Civil & Finishing

Ramo Company for Tourism & Hotels – Sharm El Sheikh, Egypt

Jul 1996 – Feb 1998

Worked on the construction of the Hyatt Regency Hotel, a premier 5-star hospitality project, focusing on civil works and high-end interior finishes for guest accommodation areas.

- Executed concrete, masonry, and finishing work for guest rooms and service areas under strict quality standards.
- Coordinated with finishing subcontractors and QA teams to ensure delivery met hospitality requirements.
- Gained critical experience in luxury hotel detailing and construction site workflows.

Site Engineer – Villas & Infrastructure

MENA Company for Consulting – Alexandria, Egypt

Aug 1994 – Jun 1996

Contributed to the MENA 3 Touristic Village development, managing civil construction and landscape works for multiple villas and shared community areas.

- Oversaw excavation, structural framing, and finishing of residential villas and associated infrastructure.
 - Collaborated with design engineers and site supervisors to ensure construction met plan specifications and safety codes.
 - Delivered quality work on schedule, helping launch one of the early modern resort-style communities in Alexandria's south coast.
-

Education

Bachelor of Science in Civil Engineering

Your Overall Score Performance: **Pass**

Congratulations! You passed your exam and have successfully earned your PMI certification. This is a tremendous accomplishment!

What does this diagram mean?

The diagram uses four different Performance Rating Categories to show your overall performance on the exam. Each rating reflects how many questions you answered correctly.

Performance Rating Categories**

Above Target: Your performance **exceeds** the minimum requirements for this exam.

Target: your performance **meets** the minimum requirements for this exam.

Below Target: Your performance is **slightly below target and fails to meet** the minimum requirements for this exam. Additional preparation is recommended before reexamination.

Needs Improvement:

Your performance is far below target and fails to meet the minimum requirements for this exam. Additional preparation is strongly recommended before reexamination.

**The categories presented on this report were created to help you see where you may need additional preparation. They should not be used or interpreted for other purposes, such as, job placement decisions.

How is your score determined?

PMI uses subject matter experts – project professionals from around the world and many different disciplines – to determine how many questions you must answer correctly to pass the exam. Each scored question on the exam is worth one point, and your final score is calculated by totaling the points you have earned on the exam. The number of questions you answer correctly places you within one of the performance rating categories you see on this report.

Your Performance by Domain:

Using the same categories (as above), your performance has been calculated within each domain. This will help you identify your strong areas as well as those needing improvement so that you can plan your future professional development.

Initiating	Planning	Executing
Above Target	Above Target	Above Target
Monitoring and Controlling	Closing	
Above Target	Target	

What Can You Do Next?

Celebrate your accomplishment and reward yourself for all your hard work!
