CAREER OBJECTIVE

Experienced and results-driven General Supervisor with 20+ years in civil engineering and construction. Seeking to leverage proven leadership, project management, and technical skills to deliver high-quality results in large-scale infrastructure and finishing projects.

PROFESSIONAL SUMMARY

Dynamic and seasoned General Supervisor with over 20 years of progressive responsibility in the construction and civil engineering sector. Proven ability to manage large teams, oversee multiple projects, and deliver results on time and within budget. Demonstrated success in planning, coordinating, and supervising projects including infrastructure, industrial facilities, residential compounds, and public buildings across Jordan and Saudi Arabia. Skilled at working under pressure, resolving issues on-site, and maintaining high safety and quality standards.

PROFESSIONAL EXPERIENCE

General Finishing Supervisor **July 2024 – Present**
Binladin Group – Makkah, Saudi Arabia

Project: Expansion of the Holy Mosque (Masjid Al-Haram)

Accomplishments:

- Supervised marble, gypsum, waterproofing, ceilings, stone cladding, and decorative finishes.
- Led daily operations for multiple crews and subcontractors.
- Ensured compliance with Islamic architectural design and quality standards.
- Prepared technical reports, managed site inspections, and resolved on-site conflicts.

General Supervisor **April 2019 – June 2024**
Alshabab Contracting Company – Jordan

Accomplishments:

- Lead on-site supervision for diverse construction projects including industrial warehouses, schools, and large-scale government buildings.
- Manage all stages of the construction cycle from planning to execution.
- Coordinate with engineers, subcontractors, and suppliers to ensure efficiency and cost-effectiveness.
- Monitor material inventory and ensure adherence to safety regulations and quality benchmarks.

Maintenance Director – VISTEL Group – Amman, Jordan **April 2017 – April 2019**

Accomplishments:

- Directed daily operations of maintenance services for commercial properties and facilities.
- Scheduled routine inspections and preventive maintenance.
- Led a team of technicians and ensured quick response to breakdowns and emergencies.

Accomplishments:

- Oversaw the construction of large commercial sheds and retail warehouses.
- Ensured compliance with project specifications and timelines.
- Supervised skilled labor and coordinated with suppliers and project engineers.

Finishing Supervisor – Al-Hoker Contracting – Jeddah, Saudi Arabia

Dec 2015 – Nov 2016

Accomplishments:

- Directed finishing stages of various governmental and commercial buildings.
- Managed installation of ceramic flooring, insulation, waterproofing, and asphalt works.
- Inspected work to meet quality and safety standards.

General Finishing Supervisor – Binladin Group (PBAD) – Medina, Saudi Arabia

April 2014 – Dec 2015

Accomplishments:

- Coordinated the development of a comprehensive labor housing complex including 20 residential buildings, mosque, clinic, and essential utilities.
- Supervised implementation of critical infrastructure such as CCTV control rooms, water tanks, fuel piping, and electrical systems.
- Managed project operations within a budget of SAR 60 million.

Civil Finishing Supervisor – Binladin Group (PBAD) – King Abdullah Financial District – Riyadh, Saudi Arabia

Dec 2009 – April 2014

Accomplishments:

- Contributed to one of the region’s largest financial projects valued at SAR 28 billion.
- Supervised construction tasks, finishing work, quality assurance, and contractor activities.
- Worked closely with architects and engineers to maintain workflow efficiency.

Site Supervisor – Office of Eng. Ismail Aldesouqi – Jordan

Feb 2005 – June 2008

Accomplishments:

- Monitored civil finishing work at multiple construction sites.
- Ensured compliance with design specifications and construction standards.
- Coordinated with subcontractors and reported progress to senior engineers.
