EXPERIENCE

RAWABI-HASSAN ALLAM JV.

Senior Technical Engineer.

Amaala, KSA
2023 – Present

Developed standardized project documents for Six Senses residences JV to improve construction progress in-situ, facilitate construction cycle by approved documents and to achieve client satisfaction.

- Setting out the department templates, cycles, correspondences, tasks arrangement to guarantee discipline.
- Inspecting project drawings and designs and contributing technical expertise to project documents.
- Checking validation of design, Redesign and daily coordinating with other trades.
- Enhancing RVT models up to LOD 400, with no warnings or interferences as interdisciplinary model.
- detecting discrepancies between structural items and other disciplines.
- Raising clarifications, propositions, letters to client in case any problem arises.
- Preparing shop drawings coordinated with other disciplines.
- Overseeing the engineering construction process.
- Estimating materials quantities required for construction.
- Liaising between joint venture parties to conduct unified and coordinated engineering products to achieve a high order of quality and integrity.

HASSAN ALLAM CONSTRUCTION.

Senior Technical Engineer.

Cairo, Egypt
2019 – 2023

Developed well-arranged procedures to facilitate Engineering-Construction process and played a key role in boosting progress of work execution, to achieve the best practices in the absence of standard systems.

Selected Projects

- Construction and Assembling base of DABAA Nuclear Power Plant
 - Achieved implementation of Russian detailed design documentation and specification for almost 60 large facilities of the nuclear base, Items includes Door, Windows, PVC, Gypsum partitions, ceramic tiles, epoxy materials.
- COP27 Conference Hall.
 - Prepared comprehensive and quick study of drawings and specifications.
 - Estimated quantities of material purchasing requisitions and tracked wastage percentage monthly.
 - Delivered structural shop drawings and Rebars cutting optimization.
 - Tracked schedules and look ahead and updated with many changes in design in a fast-track way.
 - Prepared design validation, clarifications and propositions for some major problems raised.
- Egyptian Culture Center in Republic of Somaliland.
 - Rearranged project documents included but not limited to BOQ, Specifications, Material Submittals, Clarification requests, letters, Shop Drawings, and Invoices.
 - Conducted progress meetings to achieve delivery of material to project from Egypt local market on time.

EDUCATION

NILE HIGHER INSTITUTE OF ENGINEERING AND TECHNOLOGY.

Bachelor of Engineering, Major in Civil Engineering.

Minors in Structural Engineering and Design.

GPA: 3.55/4.0; Dean's List 2016-2017 [First of Class]

Mansoura, Egypt
2012 – 2017

ADDITIONAL

Technical Skills: Advanced in Revit, BIM, AutoCAD, MS office, Oracle ACONEX; Proficient in Design; Robot Structural analysis professional, SAP2000, ETABs.

Languages: Fluent in English; Conversational proficiency

Activities: Volunteered 20 hours/month at Microsoft Tech Club (2012-2014).

Courses: Become BIM Coordinator by Ignacy Loziniski.
