- Contact: +966 564296184
- Email : ejam015@yahoo.com
- Professional: senior surveyor

### DUTIES AND RESPONSIBILITIES:

- **Lead and supervise** survey teams in the planning, execution, and completion of land surveying projects.
- **Conduct boundary, topographic, construction, and as-built surveys** using advanced equipment such as total stations, GNSS/GPS systems, and digital levels.
- **Review and interpret project plans, engineering drawings, and legal land documents** to ensure accurate data collection and reporting.
- **Prepare detailed survey reports, maps, and legal descriptions** using CAD and surveying software such as AutoCAD Civil 3D and Trimble Business Center.
- **Verify the accuracy of survey data**, including measurements and calculations, before and after fieldwork.
- **Coordinate with engineers, architects, contractors, and government agencies** to ensure compliance with project specifications, zoning laws, and legal boundaries.
- **Train, mentor, and supervise junior surveyors and field crew** in best practices, safety protocols, and technical skills.
- **Manage field logistics**, including equipment maintenance, job site safety, and data management.
- **Oversee land subdivision and site layout projects**, ensuring accuracy in staking and alignment.
- **Maintain up-to-date knowledge** of surveying techniques, technology advancements, and local land use regulations.
