## Civil Engineer

**Address:** KSA\_ Saudi Arabia\_ Riyadh

**Phone:** +966507206931

**Email:** [ahomer169@gmail.com](mailto:ahomer169@gmail.com)

**Nationality:** Sudanese

**Languages:** Arabic & English

**Driving license:** Available

## Summary:

---

Dedicated Civil Project Engineer with 10 years of expertise in managing civil engineering projects from planning to completion. Skilled in coordinating teams, adhering to quality and safety standards, and managing budgets and schedules. Strong problem-solving abilities and effective stakeholder communication. Committed to delivering projects efficiently and innovatively.

## Experience:

---

### ➤ Power secure General Contracting – Abu Dhabi

03/2023 – 10/2024

#### Civil Project Engineer

United Arab Emirates

- Develop detailed project plans, including scope, goals, deliverables, resource allocation, timelines, and budgets.
- Work closely with project managers, engineers, and stakeholders to ensure all aspects of the project are aligned and progressing smoothly.
- Provide engineering expertise and technical guidance throughout the project lifecycle.
- Maintain thorough documentation of project activities, including plans, designs, reports, and updates.
- Monitor project costs, manage budgets, and report on financial status.
- Identify potential risks and develop mitigation strategies to ensure project success.
- Ensure all project activities meet or exceed industry standards, regulations, and company quality guidelines.
- Regularly update stakeholders on project progress, challenges, and changes in scope.
- Address technical issues and project challenges, providing solutions to keep the project on track.

### ➤ Treasure Island Contracting and Gen Maintenance – Alain

03/2020 – 01/2023

#### Civil Site Engineer

United Arab Emirates

- Conducted site surveys, soil investigations, and structural analyses to inform project designs and construction methods.
- Supervised construction activities, ensuring compliance with design specifications, building codes, and quality standards.
- Managed project budgets, tracked expenses, and prepared progress reports for stakeholders.
- Coordinated with suppliers and vendors to procure materials and equipment required for construction projects.

- Conducted regular site inspections to assess workmanship, identify deficiencies, and implement corrective actions.
- Collaborated with interdisciplinary teams to resolve technical challenges and optimize project performance.
