

AHMED ABDELATY MOHAMED

Civil site engineer

966545560405 • ahabdelaty95@gmail.com • <https://www.linkedin.com/in/ahabdelaty95> • Saudi Arabia , Riyadh

Summary

Civil Engineer with extensive experience in infrastructure projects, steel and reinforced concrete (RC) structures, and finishing works. Skilled in project management, structural analysis, and site supervision, ensuring quality execution and compliance with industry standards. Proven ability to collaborate with multidisciplinary teams to deliver projects efficiently and within budget. Passionate about innovative engineering solutions and continuous professional growth.

Experience

- Over Company LLC** Riyadh
Site Engineer 12/2023 - 03/2025
- Two Typical Projects at NC1 Neom City and Tabuk Province on the **Shelter Project**, overseeing the construction of reinforced concrete (RC) structures and infrastructure works. Additionally, managed the fabrication and erection of steel structures for the building.
 - Safety Training hub at Al-Nairyah, Eastern Province site supervision, scheduling, and project execution of fabrication, installation, and full finishing works of Steel structure building.
 - Highlight your accomplishments, using numbers if possible.
 - Highlight your accomplishments, using numbers if possible.
- At Concrete Plus For Engineering and Construction** New Cairo
Site Engineer 09/2020 - 11/2023
- Highlight your accomplishments, using numbers if possible.
 - Zed East (ORA Development) : fully finish project of 66 Villas and 11 Residential Buildings (RC works, Fully finish and infrastructure)
 - MIVIDA (EMAAR MISR): Fast Track Project with two Clubhouse buildings and two mosques
 - 90 Avenue (TABARAK Development): RC and Block works 10 Residential Buildings with different structural systems (Post tension and Flat Slab)
 - Highlight your accomplishments, using numbers if possible.
- At Image Consulting Bureau** Cairo
Structural Design Engineer 03/2020 - 09/2020
- Reduced structural costs by {15%} through efficient design and accurate quantity surveying for {5} major projects.
 - Structural Analysis and design with programs
 - Quantity Survey for structural elements (Concrete and RFT)
- At Fiber Misr Systems** Elminya
Infrastructure Site Engineer 09/2019 - 03/2020
- Role drilling and concrete works
 - Railway Project : working in drilling trenches and manholes for Electrical cables

Skills

- + Successful Project Management**
Oversaw completion of 66 villas and 11 residential buildings, 10% under budget.
- + Efficiency Improvement**
Reduced project completion time by 15% on Fast Track Project at 90 Avenue.
- + Academic Achievement**
Led structural design of high-rise building with 15 floors, achieving Excellent grade.
- + Cost Reduction Expert**
Managed procurement processes reducing costs by 20% over 6 months.

Education

Zagazig university

Location

Bachelor's of Civil Engineering

09/2014 - 08/2019

- Grade: Good
- Graduation Project : Structural Design Analysis For with programs
- Note key learnings, experience and skills gained relevant to the job.
- Graduation Project Grade: Excellent
- Divided into three parts
- 1- Design of high-rise building about 15 Floor using in
- Analysis and outputs results: (Safe, Etabs and AutoCAD)
- 2- Simulation of earthquake resistance model in high-rise buildings
- 3- Design of sport stadium with its stands and swimming pool
- Using in analysis and outputs results (SAP2000 and AutoCAD)
