8 YEARS TOTAL EXPERIENCE AS A CIVIL QC ENGINEER

SUMMARY

Civil QC Engineer with over **8 years of diversified experience** in the construction industry. Specialized in heavy engineering projects, including infrastructure, piling, industrial PEB (Pre-engineered Buildings), high-rise buildings, and façade works (GRP, GRC). Proven track record in managing quality control, conducting inspections, and ensuring compliance with safety and industry standards for large-scale projects in Saudi Arabia, Qatar, and Pakistan. Skilled in **team management**, **client coordination**, and **third-party testing**.

EDUCATIONAL QUALIFICATIONS AND CERTIFICATES

- **BSc. in Civil Engineering**, Government Collage University, **Grade 1st Class with Division.**
- **APPROVED QC CIVIL INSPECTOR** on Saudi Arabi from Neom
- **APPROVED CIVIL ENGINEER** from Qatar Ministry of Municipality & Urban Planning
- **APPROVED CIVIL ENGINEER** from National Technology Council Pakistan
- **AUTOCAD** from Punjab Board of Technical Education, Lahore, Pakistan

TECHNICAL PROFICIENCIES & SKILLS

- Auto CAD
- Microsoft Office Word, Microsoft Office Excel, Microsoft Office Power Point.
- Quality Control & Assurance
- Inspection Management (Excavation, Foundation, Concrete, Piling, facade)
- Third-Party Testing Coordination (Caliper Logging, Pile Integrity, Static Load Tests, etc.)
- Construction Standards Compliance (ASTM, ACI, AASHTO, QCS 2014)
- Material Inspection & Review
- Reporting & Documentation (Daily Logs, Progress Reports, NCR Management)
- RFI & Change Management

GULF COOPERATION SYMBOLS CONTRACTION

09-December-2024 to Till Date

Civil QC Engineer

Project: - THE LINE HUB Site Offices Extension.
Client: - ETSD
Consultant: - PMC Parson

RESPONSIBILITIES:

- Conduct quality inspections for earthwork, backfilling, and compaction to ensure compliance with project specifications.
- Proctor Test, Field Density Test (FDT), Plate Load Test
- Coordinated third-party testing, ensuring tests were performed as per project specifications and delivered on schedule.
- Supervise the installation of portable cabins, ensuring structural integrity and finishing quality.
- Inspect painting works, verifying surface preparation, primer, and final coat application.
- Ensure proper installation and finishing of gypsum board partitions and ceilings.
- Check windows and doors for alignment, fittings, and finishing as per standards.

GULF GRC & TRADING CO

23-July-2022 To 28-Sep-2024

Civil QC Engineer

Project: - Rosewood Towers, Lusail Marina, Qatar
02 Towers (G + 40 & G + 38).
Client: - Arkaz Investment
Consultant: - AEB (Arab Engineering Burean)
Main Contractor: Al Alia Contracting

RESPONSIBILITIES:

- Managed inspections across all construction activities, including excavation, foundations, steelwork, piling, concrete, façade (GRP/GRC), and finishing works, ensuring strict adherence to quality standards.
- Conducted Weekly meetings with engineers to discuss QC standards, ensuring alignment with project requirements, and reported progress and issues directly to the QC Manager for further action
- Witnessed and coordinated tests for piling, including Caliper Logging, Static Load, and Pile Integrity tests, ensuring compliance with approved lab standards.

- Oversaw compliance with QCS-2014, ASTM, and ACI standards, ensuring quality assurance and control on-site.
- Coordinated third-party testing, ensuring tests were performed as per project specifications and delivered on schedule.
- Managed material inspections, ensuring delivery and use of approved samples and equipment.
- Reviewed construction drawings, identifying and submitting RFIs for site changes, ensuring timely resolution.
- Effectively manage and control Non-Conformance Reports (NCRs), ensuring prompt identification, resolution, and closure to maintain project quality and timelines
- Maintained daily logs and submitted detailed progress reports to senior management, tracking project milestones and quality metrics.
- Conducted pre-inspections to ensure all works met consultant standards, reducing rework and ensuring project timelines.

REDCO INTERNATIONAL W.L.L (Qatar)

19-March-2021 to 25-June-2022

Civil QC Engineer

Project: Floresta Garden (Pearl Qatar) & Lusail Bus Depot
02 Towers (3P + AF +18)

Client: Public Works Authorities (Ashghal) Qatar

Consultant: AECOM

Redco International

رادكو العالمية للتجارة والمقاولات

RESPONSIBILITIES:

- Led inspections for final finishing works, including concrete, block work, partition walls, paint, tiles, ceilings, aluminum, and curtain works, ensuring compliance with quality standards
- Maintained comprehensive quality assurance for all project documentation, ensuring timely and accurate reporting.
- Coordinated third-party testing for civil activities, ensuring all tests were performed in line with project specifications and QCS 2014.
- Conducted weekly meetings with consultants to discuss site-related issues, providing proactive solutions and updates.
- Performed regular site inspections and supervision for substructure, superstructure, and underground utilities, ensuring compliance with design and safety standards.
- Inspected critical building components, including foundations, raft, columns, RCC walls, and finishing works, to ensure proper execution and quality.
- Monitored material deliveries, ensuring conformity with approved samples and specifications, and reported discrepancies.
- Organized and led weekly coordination meetings with the site team and subcontractors to address challenges and optimize workflow.
- Collaborated with suppliers to resolve on-site issues, ensuring a continuous supply of materials and maintaining project momentum.
- Coordination with the different suppliers to discuss and solve the site issues.

LANA TRADING & CONTRACTING

08-November-2019 to 18-June-2020

Civil QC Inspector

Project: Tamim Air Base (Dukhan Qatar)

Main Contractor: ACT (Advance Construction Technology)

LANA

TRADING &
CONTRACTING

لنا للتجارة
والمقاولات

Client: Qatar

RESPONSIBILITIES:

- Inspected all civil activities including earthwork (fill placement, compaction), concrete foundations (precast & cast-in-situ), grouting, and backfilling, ensuring compliance with project specifications and quality standards.
- Monitored precast and cast-in-situ concrete structures, focusing on rebar installation, formwork, and fresh concrete sampling/testing to ensure proper execution and strength.
- Raised and managed NCRs, driving timely issue resolution, corrective actions, and the preparation of preventive measures to maintain quality standards.
- Coordinated third-party testing agencies and witnessed concrete lab tests, ensuring all tests met project requirements and regulatory standards.
- Supported QC Supervisor/Manager in the preparation of QC reports, ensuring accurate and timely documentation of all testing and inspections.
- Monitored material receiving and conducted inspections for both inspectable and non-inspectable materials, ensuring conformance to approved standards.
- Maintained an up-to-date RFI log and ensured all site queries were documented and resolved efficiently.
- Performed daily site surveillance and maintained a logbook, tracking work progress and quality assurance throughout the project lifecycle.

MECHTECH INTERNATIONAL.

19-August-2017 to 03-November-2019

Civil Site Engineer

Project: Research Block, Academic Block, Administration Block & Multi-Purpose.

Client: Semi Government (National Textile University Faisalabad)

RESPONSIBILITIES: -

- Project execution by Leading a team of 140 (Staff+ Site manpower) and successfully completed and testing & Commissioning of civil works.
- Created shop drawings & material submittals and discussed them with the consultant and rectified the comments for approval.
- Looked after day-to-day inspection & checking of all the systems installations.
- Responsible for daily office work, material follow-ups, and involved in project meetings/preparation of payment
- Certificates for executed quantities.
- Coordinate with the planning and scheduling department to ensure milestone dates.
- Coordinate with the site QC manager for the completion of as-built documentation.
- Resolve any discrepancies between the completed milestone and quality documentation.
- Ensure that safety is adhered to at the site.
- Assure all technical documents relative to site quality control are in current status.
- Daily office work material follows up, manpower management, preparation of material requests and clearance of
- Payment Certificates for executed quantities.
