- Primavera P6 & Microsoft Office
- G-suite & Technical communication
- Material and Supplier submittals
- Requests (WIR/MIR)
- Technical documentation & correspondence (TQ, RFI, Submittals)
- Construction communication & coordination.

Experience

Engineering House Company (EHC), Saudi Arabia

Project manager

07/2023 - Present

housing units in Baljurashi – Al Bahah / Affordable Housing of Saudi Arabia

Led the execution of a residential project consisting of 70 villas for affordable housing with a total area of 20,000 sqm, owned by the Ministry of Housing, in collaboration with the consultant Dar Al Riyadh. Managed all phases from planning to final handover. Developed comprehensive project plans, ensured effective resource allocation, and coordinated with contractors to ensure timely and budget-compliant project completion. Conducted risk assessments and implemented strategies to mitigate project risks. Managed coordination between clients, architects, engineers, and other stakeholders to ensure smooth project progress and alignment with goals. Oversaw compliance with safety protocols, building codes, and quality standards throughout the project lifecycle.

Al-Fareed Contracting Company, Jordan

Site manager

01/2021 - 06/2023

Managed the construction of a 5,550 sqm commercial complex on Jerusalem Street, overseeing the project from design to final delivery. Supervised a multidisciplinary team and coordinated with engineers, contractors, and suppliers to ensure the project was completed on time and within budget. Monitored construction activities to ensure adherence to safety standards and resolved any technical issues during execution.

Al-Fareed Contracting Company, Jordan

Site Engineer

01/2013 - 01/2021

Supervised the construction of a private residential villa (1,300 sqm) and multiple residential and commercial projects ranging from 5,000 to 7,000 sqm, ensuring compliance with specifications during all phases. Coordinated with subcontractors and addressed site challenges to maintain project momentum and quality. Managed daily operations on-site to ensure smooth workflow and timely completion of tasks.
