## Driver license

- Group C

## Education

- 2008-2013 Taffilla UNI
- Electrical Power Eng

## Summary

With a robust foundation in **Electrical engineering** and a track record spanning **12** years, I bring a wealth of hands-on expertise from grassroots implementation to strategic managerial oversight. My proficiency in circuit design and product enhancement is matched by a solid technical background in the development and maintenance of electrical blueprints. Renowned for my hard-working ethos and punctuality, I excel in leading teams with a seamless blend of authority and approachability, ensuring project milestones are met with precision and efficiency.

## Experience

**06/2024 to 02/2025**

**Project Engineer – Shabakkat.**

- Successfully executed Plan 3905 Project under SCECO contract, ensuring compliance with medium voltage requirements.
- Spearheaded RMU, cable, and earthing installations, along with foundation construction, backed by precise shop drawing coordination with AL-Mekyal & AJ Consultant.

**Design Engineer – First Fix Co.**

**07/2023 to 05/2024**

- Spearheaded technical engineering for high-profile projects including Rose Project, L01 Project, and King Salman Park, in collaboration with renowned consultants DAR & Parsons.

**Senior site Engineer - Sadeq Nayef Co.**

**03/2022 to 06/2023**

- Implementation of projects: SARAYA AQABA (Bitar Cons)

**05/2017 to 3/2022**

**Electrical Engineer - Al-Fadel Co.**

- Spearheaded the implementation of Electrical (ELV), load calculations, power distribution for Khalda School, ensuring seamless integration and functionality.
- Collaborated with ETOM Consulting to produce precise and detailed shop drawings, aligning with project specifications.

**Project Engineer – ALMIRA Co.**

**07/2015 to 4/2017**

- Implementation of project Fairmont & Sa.Rejis hotels .

**Site Engineer – Munier Sukhtian CO**

**07/2013 to 6/2015**

- Design & selection for cables, cables tray MCCB & lighting.
- Workshop & As-built plans ( Al-Me 'Mari for Engineering Consultant) .
