ABOUT ME

Motivated and detail-oriented Architectural Engineer with a strong background in designing buildings and structures, technical analysis, and project management. Skilled in collaborating with clients and technical teams, utilizing advanced software for design, and managing construction projects from planning to execution.

EXPERIENCE

New Tech, Riyadh (Al-Olaya District) - Architectural Engineer

May 2024 - Present

- Designed architectural plans and supervised sites, overseeing tasks such as demolition, debris removal, finishing works, and construction.
- Managed both office-based tasks and fieldwork, ensuring project timelines and quality standards were met.

Three Point Company, Aleppo - Architectural Engineer

August 2021 - November 2022

- Executed interior design projects, delivering creative and functional designs.
- Designed and installed suspended ceilings.
- Applied gypsum board and alternative wood materials in interior walls and exterior facades.
- Handled project planning and documentation, including the preparation of executive files and shop drawings.
