

TARIQ ALMAZROIE

Jeddah | 0565558122 | TariqAlmazroie@gmail.com

Dedicated Safety Specialist with extensive experience in conducting risk assessments, ensuring regulatory compliance, and fostering a culture of workplace safety. Proven track record in reducing workplace incidents through proactive safety training and effective hazard mitigation.

Work Experience

Safety Specialist - ICAD, Jeddah (SEP 2017 - SEP 2022)

- Participated in leading and managing construction projects, ensuring adherence to timelines, budgets, and quality standards while coordinating with stakeholders.
- Conducted regular site inspections to monitor progress, ensure safety compliance, and address issues or delays, maintaining high workmanship standards.
- Implemented quality control procedures to meet specified standards and client expectations, conducting audits and rectifying deviations.
- Ensured compliance with local building codes, regulations, and safety standards, staying updated on relevant regulations and industry practices.
- Led and mentored a team of construction professionals, fostering collaboration, conducting performance evaluations, and providing training opportunities.
- Maintained accurate project documentation, including contracts and progress reports, and prepared regular updates for senior management and clients.

Safety Inspector - Saudi BinLaden Group, Jeddah (JAN 2015 - APRIL 2016)

- Conducted site inspections to ensure safety compliance, identified hazards, and implemented corrective actions.
- Investigated workplace accidents, prepared reports, and recommended safety improvements.
- Ensured compliance with safety regulations and maintained up-to-date knowledge of safety laws.
- Assisted in developing and implementing safety programs, monitored effectiveness, and made necessary adjustments.
- Conducted risk assessments and safety audits, developed and implemented risk mitigation strategies and emergency response plans.
- Ensured availability and maintenance of PPE and safety devices, regularly inspected equipment for standards and functionality.
