- Certificate in kaizen Training.
- AutoCAD (2012) Vocational Training Institute Rawalpindi.
- MS Office (2012) Super Tech Institute Rawalpindi.
- Data Management for Personal Computers.
- Valid driving license KSA.

PROFESSIONAL AFFILIATIONS:

- Registered with Saudi Council of Engineers
 - Registered with National Technology Council
-

EXPERIENCE

Al-Tamimi Global Company, Al-Jubail, KSA

(From March 2023 to Present)

Projects: Al Fanar Project 20k man camp Neom, Professional village Neom, Oxagon project, Qiddiya project 40K man camp, NC1 Project,

- Working as **QC Inspector**.
- Coordinate all QA\QC activities with the consultant QA\QC and RE.
- Review and check submittals, ITPs, checklists, shop drawings, equipment data, material sample and manufacturers for compliance with contract drawings and specification and project 's quality system.
- Inspect 100% of incoming materials, in-process operations, and finished products to ensure compliance with specifications.
- Identify and address defects within 24 – 48 hours to minimize downtime and ensure product quality
- Develop detailed ITPs and ensure their implementation at every stage of the project.
- Manage and close 95% of (NCRs) within the stipulated timeline to maintain project progress.
- Ensure 100% compliance with relevant standards (e.g., ISO, ASTM,) across all quality processes and deliverables.

- Maintain and review all quality-related documents, ensuring 100% accuracy and traceability.
- Verify that 100% of materials received conform to specifications and approved data sheets.
- Conduct real-time monitoring of production or construction activities to ensure adherence to approved plans and procedures.
- Make a daily report, WIR, MIR, SOR, Observation logs and keep records of key performance indicators (KPI).
- Coordinate with design engineers to resolve discrepancies between project specifications and on-site findings
- Participate in project meetings to discuss quality issues, progress, and any required corrective actions.
- Ensure to Implementation of Kizen for good change, continuous improvement, Risk assessment,

Redco International Lusail, Qatar.

(From 17 June 2020 to 20 Feb 2023)

Project: Wakra Integrated in Family Housing (Barwa IFC) (Qatar)

PROJECT: Floresta Garden Tower G+22 (Qatar).

- Worked as a **QC Inspector civil** in Project.
- Adhered to project-specific demands by working with diverse standards such as ASTM, and ISO, ensuring strict compliance.
- Managed 100% of QA/QC documents for the entire project, including certificates, calibration, test results, inspection requests, non-compliance reports, and site instruction/observations.
- Developed and established standards for inspections and tests, ensuring high-quality standards were maintained throughout the processes.
- Investigate root causes of defects, targeting a 25–30% reduction in recurring issues through effective corrective actions.
- Propose preventive actions to eliminate potential risks, reducing defect rates by 10–15%.
- Supervised the implementation of test and inspection schedules, ensuring adherence to procedures, and coordinated with different teams to conduct quality audits.
- Monitored the delivery of permanent materials and ensured their quality complied with established standards and specifications.
- Issued non-compliance reports when applicable and ensured their satisfactory closure.
- Conducted daily inspections for various activities such as civil activities, material and equipment preservation, process & procedures, and all civil and architectural work.
- Attended quality review meetings with the client.
- Prepared daily, weekly, and monthly progress reports for the project.

Redco International Lusail, Qatar.
