SUMARRY

Recent graduate with a Bachelor of Science in Cyber Security, certified as an Ethical Hacker (CEH). I have completed a comprehensive penetration testing course, which has equipped me with the knowledge and skills required to pursue certifications such as eJPT , eCCPT, CRTP, and OSCP.

I am seeking an entry-level position where I can apply my academic knowledge, technical skills, and certifications to contribute to an organization's cybersecurity initiatives. The next certification I pursue will depend on the requirements of my role, allowing me to continuously develop my expertise in penetration testing ,SOC,ethical hacking, and cybersecurity.

EDUCATION

2/24

Bachelor's degree In Information security.
University of Petra college of information technology

CERTIFICATION & TRAINING

Certified Ethical Hacker (CEH)

EC-council

Offensive Security Certified Professional PEN-100

Masar-tech
