

MOHAMMED AL-NAHDI

Electrical Engineer

Email: EngMohammedALNahdi@yahoo.com | Phone: 0505840643

SUMMARY

A freshly graduated electrical engineer with a strong academic foundation in applied power and electrical machines engineering. Equipped with a Second Honor Degree and a GPA of 4.36, I am eager to apply my technical knowledge, problem-solving skills, and proficiency in industry-standard engineering software to real-world challenges. Alongside my studies, I gained practical experience in factory operations, procurement, and sales, enhancing my ability to manage processes and collaborate effectively. Passionate about optimizing electrical systems and improving operational efficiency, I look forward to contributing to innovative projects in the field.

PART-TIME WORK EXPERIENCE

Factory Operations & Sales Assistant

Najm Al Maidan Factory & Concrete Construction | Jul 2020 – Mar 2014

- Assisted in daily factory operations and supported process optimization initiatives.
- Contributed to sales activities and strengthened customer engagement.
- Provided support in procurement tasks and inventory management.

Purchasing Assistant

Scrub Institution for Trade & Contracting | Dec 2014 – Jun 2013

- Supported supplier coordination and material procurement processes.
- Helped ensure cost-effective purchasing while maintaining quality standards.
- Assisted in maintaining accurate records and transaction documentation.

EDUCATION

Bachelor of Electrical Engineering

COLLAGE OF TECHNOLOGY | Jan 2025

GPA: 4.36 out of 5 (Second Honor Degree)

KEY SKILLS

• Problem-solving • Fluent in English • Corporate communications • Attention to detail • Procurement & Negotiation • Sales & Customer Relations

SOFTWARE & TOOLS

• FEMM • PSpice Simulator • OrCAD PCB Design • MATLAB • ETAP • DESIGN FootSTEP
