 Saudi Arabia

## OBJECTIVE

---

I am seeking a job opportunity in the field of Electronics and Control Systems Engineering, where I can apply my academic knowledge and technical skills acquired in designing and analyzing electronic circuits, maintaining devices, and developing control systems. I aspire to work in an innovative and dynamic environment that allows me to enhance my engineering skills and contribute effectively to improving the technical performance and operational processes of the organization.

## EDUCATION

---

### Technical and Vocational Training Corporation - Technical College in Riyadh

Bachelor's Degree in Electronics and Control Systems Engineering

Graduation Year: 2025

- Designing and testing electronic circuits to ensure their effectiveness in practical applications.
- Performing routine and corrective maintenance on electronic devices to ensure their continued optimal performance.
- Testing electronic systems and various equipment to verify that they function according to the required specifications and standards.

## SKILLS

---

- Proficient in MATLAB.
- Electronic circuit design.
- Device maintenance.
- Equipment testing.
- Low current systems.
- Effective communication.
- Commitment and responsibility.
- Time management.

## COURSES

---

- OSHA Course
- IOSH Course

## LANGUAGES

---

- Arabic - English.
