

SALMAN AHMED

SR. CIVIL SUPERVISOR

Contact +966569232071 WhatsApp Number +923332267859

Email: salman10hashmi@gmail.com

A seasoned Civil Site Supervisor with over 14 years of experience in managing and overseeing large-scale civil structural projects. Monitor and track the progress of civil work to ensure adherence to project timeline and budget. Proficient in handling complex construction challenges, ensuring adherence to quality standards, and meeting project timelines. Seeking to contribute my expertise in supervising site operations, coordinating with multidisciplinary teams, and driving project success. My goal is to achieve success through hard work and dedication while continually improving my skills and contributing to the growth of the organization.

EDUCATION:

Associates Engineer Diploma in Mechanical Engineering: PTEC Islamabad

CIVIL ENGINEERING: MEHRAN ENGINEERING UNIVERSITY, JAMSHORO SINDH, 2007

Diploma of Associate Engineering: Civil Technology Government

College of Technology, Site Karachi 2001.

Technical training Centre Karachi. TTC

AWARD AND RECOGNITION:

- Best performance regional customer experience award –project on
- Time delivery – customer centricity
- Top 3 AMEA best initiatives award 2019.
- Member society of engineers UAE
- Member of Sindh engineers council
- Dubai municipality approved engineer.

WORK EXPERIENCE

SEP 2022
-PRESENT

SANABIL BUILDERS & DEVELOPERS Pvt Ltd.

Civil Supervisor

Supervise all the civil construction work i.e. Footing, Foundations Structural/ Load Bearing structure Walls,

Neck Columns, Plinth Beams, Anchor Bolt Fixing for Structure and joint, Retaining Wall Foundation.

Building structural work i.e. Columns, Circular, Rectangular or Square, Beams down inverted/ Slabs,

Plain Slope Slab, Slabs at different levels.

Precast works i.e. Erection of beam, Roof, Slabs, Precast culverts, culvert slabs.

Finishing Works i.e. Plastering (Internal /External), Paints

Sewerage & Electrical: Layout of the buildings, Waterproofing, and De-watering

Supervision. Maintenance and renovation of the Hub Dam, focusing on structural repairs and improving the dam's water retention capacity.

Ample experience in Consolidation grouting, Curtain grouting, Jet Grouting and all temporary and permanent structural works.

Highly experience in Earthworks, Pilling works using rotary and percussion drill.

K4 Water Line

Preparation of BBS. Working out earthwork quantities

Responsibilities include ensuring adherence to safety standards, maintaining project

Site Supervisor.

KEY SKILLS:

Site Supervision:

Strong ability to manage and supervise large-scale construction projects from inception to completion. Project

Coordination:

Experienced in coordinating with teams, contractors, and stakeholders.

Technical Expertise:

Proficient in interpreting civil engineering drawings, ensuring accurate implementation on-site.

Quality Control:

Focus on maintaining high-quality standards and ensuring adherence to project specifications.

Problem Solving:

Skilled in identifying challenges on-site and implementing efficient solutions to minimize delays.

Safety Management:

Ensures strict compliance with health and safety protocols to prevent accidents and injuries on-site.

Project Reporting:

Regularly updates management on project progress, risks, and solutions through detailed reports.

Driving license UAE & Pakistan. LTV 3

TRAINING:

- 10 Hours Construction - International Association of Safety Professional
- Risk & Environment Impact Assessment
- Pre-job Risk Assessment Training
- Introduction to Concrete and Concrete Technology
- Root Cause Analysis (RCA)
- Module-1 Health & Safety Academy
- Module 2 Health && Safety Management System (HSMS)
- First aid training- DUBAI HEALTH AUTHORITY
- Fire safety training from DUBAI FIRE FIGHTING.

LANGUAGE:

- English (Fluent)
- Urdu (Fluent)
- Arabic (Spoken and Writing)
- Panjabi
- Pashto
