

# Curriculum Vitae

HUSNAIN ALI

Autodesk Certificate Professional: AutoCAD Civil 3D

Gujranwala Pakistan, [Mobile: 0092-310-7164645](tel:0092-310-7164645) ([hussnainalimohammedtariq@gmail.com](mailto:hussnainalimohammedtariq@gmail.com))

## PROFILE SUMMARY

Professional, capable, pro-active, and highly motivated and result oriented individual well trained in team/project supervision who consistently performs in challenging environment.

Capable of working independently with minimum supervision and well trained in team /Project supervision.

As an **AutoCAD Civil 3D with 2 years' experience**. My objective is to contribute to the company's success by producing the most accurate and feasible illustrations for the project assigned to me. My experience as an **AutoCAD Civil 3D** in an infrastructure industry broadened my knowledge and enhanced my skill in creating and modifying 2D drawings to 3D models for all utilities, Generating Profiles from Models & Solving clashes between the Utilities by adjusting the Profile under the instructions of Engineers. I have the ability to create Road Models, Surfaces, Road Cross Sections, setting out & Grading Plans using the latest technologies as well as drafting.

I am eager to learn and further my proficiency by consultancy improving my work and accepting all kinds of assignments handed out to me. With this said, I am confident that I can measure up to the expectations of the company.

## Key Skill's

- Preparing Shops Drawings (Using AutoCAD Civil 3D).
- Downloading Survey Data from Total Station or GPS System Instrument & Setting In CSV Format (Using AutoCAD Civil 3D).
- Importing Project Coordinates & Surface Creations (Using AutoCAD Civil 3D).
- Roads Alignments Creating (Using AutoCAD Civil 3D).
- Profiles Creation for all Road Existing Ground & Finished Ground Levels.
- Making Roads Assemblies & Sub-Assemblies (Using AutoCAD Civil 3D).
- Road Corridor Modeling (Using AutoCAD Civil 3D).
- Finish Ground Level Surface from Road Models (Using AutoCAD Civil3D).
- Earthwork Cross Section (Using AutoCAD Civil 3D).
- Typical Detailed Drawings (Using AutoCAD Civil 3D).

- Preparation of Progress Drawings as per daily Site Progress Reports.
- Preparation of Drawings as per S.I (Site Instructions).
- Preparations of the section plan.
- Preparation of As-Built Drawings as per marked up drawings.
- Generate Cut Fill Quantity and Roadway Paves Materials (Using AutoCAD Civil 3D).
