CAREER SUMMARY

As an Environmental Manager I am a dedicated and skilled professional with a demonstrated ability to implement sustainable solutions. My experience includes ensuring adherence to environmental regulations, overseeing air and water quality, and conducting thorough environmental impact assessments. With a strong background in project management, risk assessment, and the development of effective waste management plans, I have a proven track record of success. I am committed to advancing environmental performance through ongoing improvement efforts, utilizing my analytical abilities and problem-solving skills. My expertise and passion for sustainability align to support the creation of environmentally friendly processes in line with industry norms, with proven expertise, I have ensured compliance and conducted comprehensive impact assessments while establishing effective air and water quality monitoring. My skills include health and safety auditing, stakeholder engagement, and sustainability strategies. Additionally, I proactively address hazards, communicate complex concepts effectively, and implement innovative waste reduction strategies, pioneering resource-efficient practices & Developed a sustainability proposal aligned with NEOM's forward-thinking objectives, focusing on renewable energy integration and material optimization strategies

WORK EXPERIENCE
