Logistics & Supply Chain Specialist | SAP MM Expert | Construction Logistics | CLTD Candidate

Dynamic logistics and supply chain professional with 6+ years of experience in procurement, transportation, inventory management, and international logistics coordination. Skilled in managing end-to-end logistics for construction and MEP-related materials, with strong command of SAP MM, FICO integration, WMS, and TMS. Proven success in reducing procurement costs, improving delivery timelines, and aligning logistics operations with project schedules and budgets

Individual Highlights:

- Logistics Coordination & Shipment Management
 - SAP MM & SAP FICO Integration
 - Inventory & Warehouse Management
 - International Shipping & Customs Compliance
 - Transportation Route Optimization (TMS)
 - Risk Mitigation & Safety Compliance
 - On-site Stock & Material Flow Management
 - Logistics Documentation & KPI Reporting
-

PROFESSIONAL EXPERIENCE:

IBY Corporation, Toronto

Supply Chain Manager

Nov 2022 – Jan 2025

- With the objective to achieve project deadlines, I supervised the daily coordination of incoming domestic and international shipments and handled end-to-end procurement and last-mile logistics for multi-site operations.
- In an effort to maintain compliance with project financial controls, SAP MM coupled with FICO was utilized for the daily creation and tracking of PRs/POs, goods receipt postings (MIGO), and real-time budget monitoring.
- Worked closely with freight forwarders and customs brokers to prepare and analyze documentation (invoices, packing lists, HS codes, and COO) for overseas shipments in order to handle customs clearance.
- By proactively planning logistics and resolving bottlenecks, we were able to improve on-time delivery by 20% through daily tracking of shipments and transportation KPIs.
- Maintained accurate documentation and SAP records, updated supplier master data, and supported audits to ensure adherence to procurement standards.
- To ensure efficient storage and prompt distribution, I planned and oversaw daily warehouse operations, such as inventory receiving, put-away, dispatch, and site delivery coordination.
- Maintained procurement schedules and vendor relationships, finding ways to cut costs that resulted in a 15% decrease in procurement expenditures through renegotiation and automation.

IBY Corporation, Toronto

Supply Chain Coordinator

Jan 2022 – Nov 2022

- Oversaw vendor communications, transport tracking, and inventory planning.
- Using TMS and Excel dashboards, I kept thorough inventory records and shipping status updates.
- Assisted with internal and external audit documentation and real-time reporting.
- Stock inconsistencies were reduced and inventory turnover was optimized

Engineering Exports, Hyderabad

Supply Chain Executive

Jan 2021 – Dec 2021

- Stock levels were tracked, and the best possible inventory control was made to satisfy demand.
- Coordination of Vendors: Oversaw supplier connections and expedited procurement procedures to ensure on-time delivery.

- **Logistics Oversight:** Managing distribution and transportation to maximize supply chain efficiency.
- **Process optimization:** Techniques to increase productivity and lower operating expenses were put into practice.
- **Supply chain performance measurements** were examined in order to spot patterns and spur advancements.

Amazon India, Hyderabad

Transportation Specialist

April 2019 – Dec 2020

- Utilized internal tools to oversee and monitor transportation operations to ensure that goods are delivered on time.
- **Vendor management:** Cooperated with carriers and outside logistics firms to resolve issues and boost productivity.
- **Data analysis:** Transportation-related variables were looked at in order to identify trends, increase productivity, and reduce costs.
- **Resolving Problems:** We investigated and resolved delivery delays, exceptions, and escalations in order to satisfy customers.
- **Process Improvement:** Plans to streamline operational workflows were created, and opportunities for process improvement were identified.
- Worked with internal teams, drivers, and stakeholders to ensure effective logistical operations.
- **Modifications to the System:** kept accurate records for reporting and tracking in transportation management systems.

Shah Global, Hyderabad

Transportation Specialist

Feb 2018 – Mar 2019

- Oversaw MEP installation as part of project coordination, making sure that it adhered to design guidelines and project deadlines.
- **Site management:** To keep an eye on developments and uphold standards of quality, daily site inspections were conducted.
- Resolved technological concerns on-site by offering prompt, workable solutions.
- **Teamwork:** To ensure the smooth integration of MEP systems, Collaborated closely with architects, contractors, and other engineers.
- **Material Management:** Managed on-site MEP material procurement, stocking, and handling.

- Assurance of Compliance: Guaranteed that safety rules, construction requirements, and quality standards were followed.
 - Documentation: Maintained through logs of site operations, material consumption, and updates on developments.
-

EDUCATION & CERTIFICATIONS:

- **Diploma in Supply Chain Management**, Seneca College – Canada, 2022
 - **Bachelors in Mechanical Engineering**, Osmania University – India, 2018
 - **SAP MM Online Training**, Udemy – 2024
 - **Advanced Excel for Supply Chain**, LinkedIn Learning – 2023
 - **APICS-CLTD (Certified in Logistics, Transportation and Distribution)** – In Progress
-

AWARDS & RECOGNITION:

- **Cost Optimization Champion – IBY Corp (2024)**
Reduced logistics and procurement costs by 15% through SAP automation and vendor management.
 - **Employee of the Quarter – IBY Corp (2023)**
Recognized for operational improvements in stock accuracy and inventory control.
