

***Certified Senior Project Manager with 8+ years of experience delivering infrastructure, civil, and industrial projects across Saudi Arabia. Skilled in full project lifecycle management, scheduling (Primavera P6) and cost/risk control. Holder of PMP®, PMI-SP®, PMI-RMP®. Committed to operational excellence and contributing to Vision 2030 through strategic infrastructure leadership.***

## Education

2013 - 2017 **The Hashemite University (HU) in JORDAN**  
**B.Sc. in Civil Engineering**  
Graduation Project: Geometric Design of Highway by Building Information Modeling (BIM)

## Experience

2022-2025 **Senior Project Manager**  
**Azdah Contracting Company**  
Spearheaded the successful delivery of multimillion-SAR infrastructure projects across Al-Qwaiyah, Al-Jillah, and Tubarak, enhancing community development through vital site and public works execution for key governmental entities.  
Led the comprehensive delivery of Shaqra University's main campus, managing multidisciplinary teams and ensuring seamless, on-time, and quality-compliant handovers.

Demonstrated strategic pricing and bidding expertise, securing major project awards with prestigious organizations including the Royal Commission for Jubail and Yanbu, Riyadh and Jazan Municipalities, NEOM, Diriyah Gate, and Almarai. Successfully transitioned awarded contracts into operational successes through precise execution leadership.

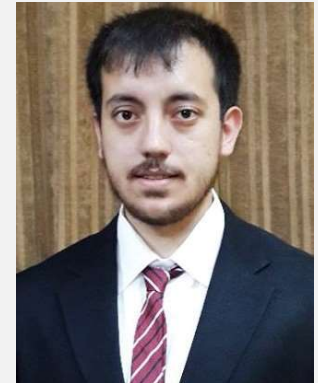

Engineered site operational strategies that reduced equipment downtime by 30%, accelerated procurement cycles by 20%, and digitized project reporting systems to enhance visibility and decision-making speed.

Navigated regulatory compliance effortlessly via Etimad, with direct coordination across ministries and Aramco logistics, ensuring uninterrupted project flow and regulatory alignment.

Played a pivotal role in driving corporate restructuring initiatives that led to Azdha Contracting Company's elevation to a **First-Class Contractor** status.

### Core Technical Competencies:

- Primavera P6 | AutoCAD Civil 3D | MS Excel | Revit
- Project Lifecycle Management | Cost Estimation | Risk Management
- NEOM & Government Projects | Tendering | Regulatory Compliance (Etimad, Aramco)
- Strategic Planning | Resource Optimization | Stakeholder Coordination
- Organizational Restructuring | KPI-Driven Execution | Reporting & Documentation

## Project Manager

Phone: 0552009790

Project Manager | PMP®, PMI-SP®, PMI-RMP® | Civil & Infrastructure Specialist | Primavera P6 Expert | Based in Saudi Arabia

### 2022-2025 Project Manager & Technical Office Lead Azdah Contracting Company

Led the planning and execution of major civil and infrastructure projects across Al-Qwaiyah, Al-Jillah, and Tubarak, including Shaqra University's campus. Managed both site operations and technical office functions—drawings, quantity take-offs, schedules—while coordinating with Aramco and government bodies. Delivered strategic projects like the Jazan Refinery rehabilitation with full compliance via Etimad.

### 2022-2025 Site Engineer

#### Azdah Contracting Company

Led the execution of deep sewer works in Al-Hayer, including 5 RC manholes (6m deep, 3m diameter) and a 24m-high swirl chamber.

Managed end-to-end sewer line installation across key Riyadh districts, covering excavation, pipe laying, backfilling, asphalt reinstatement, and final testing.

Ensured full compliance with technical specs, strict HSE standards, and tight timelines—delivering a critical infrastructure project with high quality.

## Job Skills

### Project & Infrastructure Management

End-to-end project lifecycle leadership—planning, execution, and handover—for roadworks, lighting, and public utility projects. Skilled in site coordination and multidisciplinary team management.

### Scheduling & Performance Control

Proficient in Primavera P6 and MS Project for detailed schedules, resource/cost integration, and critical path analysis. Experienced in variance analysis and corrective planning using EVM.

### Civil Engineering & Technical Support

Strong knowledge of AASHTO road design, asphalt mix designs (Superpave, Marshall), and QA testing. Oversight of quantity take-offs, execution drawings, and technical submittals.

### Organizational Development & Licensing

Led internal restructuring and policy development. Managed licensing for factories and quarries with MISA, Transport Authority, and SIDF, ensuring regulatory compliance and business sustainability.

### Tendering & Government Bidding

Experienced in preparing technical and financial proposals, cost analysis, and full bid documentation. Well-versed in Etimad, Aramco systems, and Royal Commission requirements.
