WORK EXPERIENCE

Safety Officer

Jafurah, Saudi Arabia

Nasser S. Al Hajri Corporation (NSH)

December 2024 - Present

Project: Jafurah Gas Plant Project – Saudi Aramco (Main Contractor: Larsen & Toubro)

Enforce compliance with Saudi Aramco and L&T HSE standards across all site activities

- Conduct regular site inspections and risk assessments to identify unsafe conditions and ensure mitigation measures
- Supervise and monitor critical operations, including hot work, confined space entry, working at heights, and lifting activities under Aramco permit-to-work systems
- Lead daily toolbox talks, safety inductions, and task-specific HSE briefings for workers and subcontractors
- Promote and ensure the proper use of PPE and safe work procedures across all trades
- Investigate incidents, near misses, and unsafe behaviors, and prepare detailed reports with root cause analysis and corrective actions
- Organize emergency response drills and ensure availability and readiness of first aid and firefighting resources
- Collaborate with site supervisors, engineers, and client representatives to maintain a safe working environment
- Foster a positive safety culture through consistent communication, training, and team engagement

Media & Communication Intern

Sharjah, United Arab Emirates

University of Sharjah

May 2024 – July 2024

- Collaborated with the media center team to deliver live coverage of key university events, ensuring seamless broadcasting and timely updates
- Created engaging content on social media apps to boost student engagement by 20%
- Analyzed social media performance to refine strategies
- Researched trends and proposed new content ideas
- Edited high-quality videos using CapCut and Adobe Premiere to enhance efficiency and main visual consistency
