

Hossam Magdy Ataallah

Hossamelmasre2@gmail.com | 0534718868 | Riyadh, Kingdom of Saudi Arabia

Objective

Highly skilled and detail-oriented Land Surveyor with 6+ years of experience in the contracting sector, seeking to leverage expertise in surveying, site setting-out, and technical office duties to contribute to successful project completion and efficiency gains.

Professional Experience

General Surveyor and Technical Office Engineer | *Safwa Al Riyadh Contracting Co.* | Riyadh, Kingdom of Saudi Arabia | August 2023 - Present

* Performing surveying works, site setting-out, and execution monitoring in diverse projects.

* Generating survey data for site use, calculating quantities, and tracking progress claims.

* Effectively coordinating with the site's consulting office to ensure smooth workflow.

* ***Key Achievement:** In the Riyadh Parks Restroom Rehabilitation and Maintenance Project (over 40 locations), conducted surveying and took internal and external building measurements using innovative methods, contributing to a 50% reduction in the expected completion time (from an estimated 8 weeks to 4 weeks) and ensuring all 40+ locations were completed within the revised schedule.

* ***Key Achievement:** In the Al-Ahsa Road Rehabilitation Project in Al-Malaz District, the quality and accuracy of surveying work fostered strong trust with the supervising consultant, leading to the acceptance of surveying deliverables without the need for their constant site presence, accelerating the work progress by 20%, and enabling project completion 1 month ahead of the initial schedule.

* Currently expediting the execution of works in the Jabal Abu Makhrouq Park Construction Project, focusing on maintaining accuracy and adhering to the project timeline which involves surveying and setting out for a 50-acre park development.

General Surveyor | *Orascom Construction* | New Administrative Capital, Egypt | October 2019 - December 2023

* Actively contributed to the Internal Roads Construction Project for the Military Entity City, a large-scale infrastructure project involving the surveying and setting out of 15km of roads, including alignment, grading, and drainage systems.

* Completed surveying tasks with speed and precision to ensure adherence to project schedules.

* *Key Achievement:* Efficiently addressed on-site issues and took necessary actions to expedite the work progress whenever possible, specifically resolving a critical elevation discrepancy that threatened to delay concrete pouring by 48 hours.

General Surveyor | *El Shahd Contracting Co.* | Sinai, Egypt | October 2018 - October 2019

* Participated in the construction project of the road leading from Nakhl City to Nuweiba, a challenging project in a remote desert environment requiring precise topographic surveys, earthwork volume calculations, and as-built surveys for a 120km highway.

* Executed surveying works using total station and level instruments with high accuracy and speed.

* Conducted necessary calculations for road level determination efficiently.

* *Key Achievement:* Proficiency in using surveying equipment and performing calculations quickly and accurately contributed to accelerating the project's work progress by 15% to 20% and reducing surveying man-hours by an estimated 10%.

Education

* Bachelor of Arts - Geography (Surveying and Cartography Division) | King Mariout Higher Institute for Literary Studies | Alexandria, Egypt | Graduation Date: 2018

Skills

* *Languages:* Arabic (Native), English (Intermediate)

* *Surveying Equipment:* GPS (Expert), Total Station (Expert), Level Instrument (Expert)

* *Surveying Software:* AutoCAD (Expert), Civil 3D (Expert)

* *Office Software:* Microsoft Word (Good), Microsoft Excel (Good)

Awards and Recognitions

* Recognition for contributions to charitable events.

* Awards in Kung Fu (pre-university period).
