Profile

Chartered Mechanical Engineer with extensive experience in operations, project management, and maintenance across industrial environments. Adept at implementing **cathodic protection systems, cost estimation, and process optimisation** to enhance efficiency and sustainability. Proven ability to lead cross-functional teams, drive continuous improvements, and ensure compliance with industry standards. Highly adaptable and committed to delivering high-quality engineering solutions that align with both local and global market demands.

Professional Experience

02/2019 – present
Chelakkara, Thrissur,
Kerala, India

Engineer - Operations

Madappan Oasis Private Limited

- Spearheaded **project execution**, defining scope, timelines, and resources to align with business objectives.
- Designed and implemented **engineering systems**, improving operational efficiency and reducing downtime.
- Conducted detailed **cost estimations**, optimising resource allocation and minimising expenditures.
- Ensured **regulatory compliance** with quality and safety standards, mitigating operational risks.
- Led **cross-functional teams**, providing technical training and improving workforce efficiency.

02/2018 – present
Chelakkara, Thrissur,
Kerala, India

Mechanical Engineer

Oasis Dale Aggregate Products Private Limited

- Managed **mechanical operations** of heavy machinery, including crushers, loaders, and conveyor systems, ensuring seamless production in stone quarrying.
- Implemented **preventive maintenance schedules**, reducing equipment downtime and enhancing overall operational efficiency.
- Ensured **compliance with mining safety standards**, conducting regular inspections and risk assessments to create a safer work environment.
- Optimised **material handling processes**, improving productivity and reducing operational costs in stone extraction and aggregate production.
- Supervised **machinery installation and upgrades**, ensuring seamless integration with existing quarrying processes.
- Fostered a **labor-friendly environment**, promoting ethical work practices and job satisfaction while ensuring compliance with labor regulations.
- Integrated **eco-friendly solutions**, minimising environmental impact through sustainable quarrying practices.

01/2016 – 01/2018
Dubai, U.A.E

Estimation and Proposal Engineer

BSS Technologies 

- Prepared **technical and cost estimations** for cathodic protection systems, securing high-value projects.
- Designed customised **corrosion protection solutions**, improving infrastructure longevity.
- Ensured strict compliance with **international engineering standards** in all proposals.

- Built and maintained strong **client relationships**, exceeding expectations in service delivery.
