

Engr. Shah Faisal

Quantity Surveyor/Estimator

+966550350847
Transferable Iqama

shahfaisalk30@gmail.com

Riyadh, Saudi Arabia

ABOUT ME

Dedicated and detail oriented civil engineer with 05+ years of experience in construction industry. I have worked on various construction projects (including KSA, USA and Australian based) from small residential buildings to large scale commercial developments. I can provide quantity takeoffs for every trade including (Site preparation & development, earthwork, building material and MEP)

My particular interest lies in construction management; construction cost estimates and cost controls.

SOFT SKILLS

Planswift	Kubla Cubed (3D cut & fill)	Primavera P6
Bluebeam Revu	Drafting in Autocad	MS Office (Excel, Word, Power point)

PROFESSIONAL EXPERIENCE

1- ADVACON Contracting Co. Ltd. | Riyadh, Saudi Arabia 5th Mar., 2020-25th Dec., 2024
Quantity Surveyor

- **Key responsibilities**

- To takeoff quantities like concrete, steel, formwork, etc. from the construction drawings.
- To prepare BOQ's and BBS for ongoing projects.
- To manage and maintain the daily record of manpower, material and all other resources required for the project.
- To prepare and finalize the interim payment application.
- To attend meetings with higher authorities regarding the submission of IPA and also on the going progress of work done.
- To prepare the measurement sheet for weekly work done on the instruction of senior quantity surveyor and then to present in weekly meetings.

2- Spear Development LLC. | GA, United States (*Part-time Job*) 1st June, 2020-1st Mar., 2023
Senior Estimation Engineer

- **Key responsibilities**

- Received construction drawings through online platforms (Fiverr, emails) across the globe (Mostly USA, Australia, and Sometimes from Middle East) and deliver quantity takeoffs.
- Deliver more than 400 projects including small residential to large commercial and government projects.
- Deliverables include the marked up drawings using Bluebeam and Planswift. For earthwork takeoffs I used Kubla Cubed software which can generate 3D Cut and fill model for the whole site. Using marked up and 3D Cut and Fill model for the site, I finally put all the required quantity as per the scope of work.
- The scope of work can vary from client to client but generally include (Site demolition, Erosion & sediment control, Mass grading cut and fill according to geotechnical recommendations, Site utilities both wet and dry utilities, Building work including structural, Architectural and MEP.
- The Site preparation may sometime include Traffic control plan (Temporary diversion drums,

Construction signages, Barricades etc) if the project site is in the busy area.

- I have provided the cost estimate for deep excavation safety measures (Shoring, Side batters, Underpinning) as per the construction drawings.
- I have provided the cost estimate for normal excavation and bedrock excavation for deep excavation of basement and utilities trenches.
- I have provided the cost estimate for the roadway work including (Cut and Fill, Base and sub-base, Asphalt base and top layer work).

3- Value Engineering Company I Islamabad, Pakistan

5th Oct., 2019-12th Feb, 2020

Estimation Engineer

- **Key responsibilities**

- To analyze and interpret all kinds of USA and Australian based construction drawings (Civil, Structural, Architechural, and Site).
- Quantity takeoff from the drawings using estimation softwares like Bluebeam, Planswift, Kubla Cubed, and Excel.
- To build up tender price based on scope of work, plans and specifications.
- To prepare technical quarries for ambiguities in drawings, specifications and BOQ.
- To forecast the cost of different materials need for the project.
- Track changes to the design and/or construction work and adjust budgets accordingly.

EDUCATIONAL DETAILS

Bachelor of Science in Civil Engineering

- University of Engineering and Technology (UET), Peshawar KPK, Pakistan. (2015-2019)

FSc Pre-Engineering

- Government College Peshawar, KPK, Pakistan. (2013-2015)

Matric Science

- Government high school Mian-Gujar Peshawar, KPK, Pakistan. (2012-2013)

LANGUAGES

- Urdu
- Pashto
- English

CERTIFICATIONS

- Construction Cost Estimating and Cost Control / Coursera (Columbia University, New York).
 - Health, Safety and Environment management in construction industry/ Pakistan Engineering Council (PEC).
 - Effective usage of Primavera P6/ SOLUS INFORMATICS.
-

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

University of Engineering & Technology
Peshawar, Pakistan

By virtue of the authority granted by Statutes, the University has conferred the degree of

Bachelor of Science

in

Civil Engineering

upon

Shah Faisal

son of Riaz Ul Haq

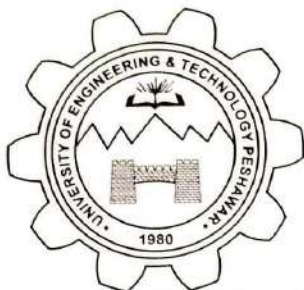

*who is entitled to all rights and honours thereto appertaining,
this 13th day of September, Two Thousand and Nineteen*

Registrar

Registration No. 15PWCI/4282

Vice Chancellor

OMG This had to be one of the best experiences on Fiverr ever! He went above and beyond everything I could of asked for. I am unknowledgeable in this industry he was able to take very vague instructions and also terrible documents needed to complete my task. I really appreciate and am grateful for a person that works as hard as this person did! I will have him do my work always.
