

COVERING LETTER

I am writing to express my strong interest in the Health and Safety Manager position within your organization. With extensive experience in managing occupational health and safety in the construction industry, I bring a results-driven approach to creating safe, compliant, and efficient working environments.

My professional journey includes leadership roles with Fast Finishing Contracting Company on Red Sea Global projects, and with Shapoorji Pallonji Middle East across both Saudi Arabia and the UAE. These roles have equipped me with a deep understanding of regional HSE regulations, risk management strategies, and the ability to lead cross-functional teams toward a shared culture of safety.

*A notable highlight of my career was my involvement in the **King Abdullah Financial District** development—an ambitious project with a gross leasable area of 90,000 square meters, over 300 luxury residential units across 11 buildings, a Family Entertainment Center, and parking for more than 3,000 vehicles. My role focused on ensuring that all construction activities adhered to strict safety standards, significantly reducing incidents and contributing to successful project delivery.*

Key competencies I offer include:

- Development and implementation of comprehensive HSE plans and audits*
- Incident investigation and root cause analysis*
- Team training and competency development*
- Strong knowledge of ISO 45001, local regulatory compliance, and international best practices*

I am confident that my background, combined with my commitment to continuous improvement and proactive safety leadership, would be a valuable asset to your team. I would welcome the opportunity to further discuss how I can contribute to your projects and organizational safety goals.

CURRICULUM VITAE

- Mohammed Ahmed Ulla Khan
- **H&S MANAGER**
- Mobile: 0540545374
- Email: ahmedullah.khan1986@gmail.com
