Experienced and safety-focused crane operator with a strong track record in operating tower cranes in construction settings. Skilled in load calculations, rigging procedures, and interpreting blueprints to ensure precise and efficient lifts. Committed to maintaining strict safety standards and adhering to all site regulations. Excellent hand-eye coordination, spatial awareness, and communication skills, with the ability to work effectively as part of a team or independently. Proven ability to troubleshoot mechanical issues and adapt to dynamic site conditions. Holds valid certifications and consistently delivers high-quality work under pressure.
