- Medical Inventory Management
- CPR & AED Proficiency
- MS Office (Word, Excel, PowerPoint)

OBJECTIVE

A highly dedicated and experienced Male Nurse with over 6 years of expertise in critical care, emergency, and trauma settings. I possess strong skills in providing immediate and effective medical care in both hospital and industrial/construction environments. My proficiency includes emergency response, wound care, cardiac care, trauma management, patient monitoring, and health education. I am committed to adhering to strict health and safety protocols, ensuring patient comfort, and delivering quality care under high-pressure situations. With a patient-centric approach and a focus on continuous professional development, I seek to contribute to healthcare teams by offering exceptional nursing care and ensuring optimal patient outcomes.

WORK EXPERIENCE

Male Nurse

Gadag Medical Care Polyclinic, Riyadh

2+ Years

- **Comprehensive Patient Assessments:** Conducted detailed evaluations of patients' health and medical needs to provide tailored care solutions.
- **Vital Signs Monitoring:** Regularly monitored vital signs, including blood pressure, pulse, temperature, and oxygen levels, ensuring accurate tracking of patient conditions.
- **Medication Administration and IV Line Management:** Administered prescribed medications, treatments, and injections while maintaining accurate records. Prepared and managed IV lines for safe administration of fluids and medications.
- **Emergency and Acute Care:** Delivered immediate care during medical emergencies, including CPR and trauma interventions, while effectively managing acute care scenarios to stabilize critical patients.
- **Patient Assistance and Hygiene:** Assisted patients with daily activities such as bathing, eating, and mobility, ensuring their comfort and maintaining hygiene standards.
- **Collaborative Care Planning:** Worked closely with doctors, physiotherapists, and specialists to develop and implement personalized care plans tailored to individual needs.
- **Administrative Duties:** Scheduled and managed patient appointments and admissions to ensure efficient workflow and minimized delays. Oversaw medical inventory, ensuring adequate supplies of medications and equipment for uninterrupted care delivery.

- Urdu
- Pashto
- Arabic (Basic)

- Health Education and Advocacy: Conducted health education sessions to inform patients about lifestyle changes, proper diet, and exercise for better long-term health outcomes.
- Professional Documentation: Maintained detailed patient records and documentation to ensure compliance with medical protocols and legal standards.
- Multidisciplinary Team Collaboration: Coordinated with healthcare professionals to optimize patient care and treatment outcomes through effective teamwork and communication.

Male Nurse

Salini labor camp

1+ Year

- Delivered on-site medical care, including CPR and trauma management: Provided immediate care for injuries, including performing CPR and managing trauma until further medical help arrived.
- Conducted regular health checks: Monitored workers' health, identifying early signs of illness or injury and providing preventive care.
- Ensured compliance with occupational safety standards: Maintained safety protocols, ensuring a safe working environment to reduce risks.
- Educated workers on health and safety protocols: Conducted training sessions on injury prevention and safety practices to reduce workplace accidents.
- Assessed and treated minor injuries: Administered first aid for cuts, burns, sprains, and other common workplace injuries, ensuring workers received prompt treatment.
- Coordinated with medical teams for emergencies: Collaborated with medical professionals to ensure workers received timely advanced medical care when needed.
- Maintained accurate health records: Documented treatment provided, medical history, and follow-up requirements to ensure proper ongoing care and compliance.

Male Nurse

Al Bawani Company Limited (King Faisal Air Academy Project),

Al Majmaah

1+ Year

- Responded to medical emergencies: Provided immediate first aid and coordinated with emergency teams for urgent medical care on-site.
- Implemented workplace health and safety programs: Developed and enforced health and safety protocols to ensure a safe working environment for all employees.
- Monitored workers' health: Regularly assessed workers' health and identified risks related to occupational hazards, offering preventive solutions.
- Educated employees on safety measures: Led training sessions on proper safety protocols to minimize accidents and improve worker health.
- Conducted routine health screenings: Performed health assessments to detect early signs of health issues and implemented preventive strategies to avoid more severe conditions.
- Provided post-care and recovery support: Managed workers' recovery following injuries, ensuring they adhered to prescribed post-care plans and assisting with rehabilitation if required.

- Managed medical supplies and equipment: Oversaw the inventory of medical supplies, ensuring they were adequately stocked and readily available for emergency situations.

Male Nurse

El Seif Engineering Contracting Company

1+ Year

- Provided first-response medical care for workplace injuries: Delivered immediate medical care for minor injuries and stabilized workers before transport to a hospital if needed.
- Managed medical inventory: Oversaw the availability of medical supplies and ensured they were stocked for emergencies.
- Conducted health education sessions for employees: Trained workers on basic first aid skills and health management to empower them to handle minor injuries.
- Maintained accurate medical records: Ensured all health assessments and treatment records were accurately documented for future reference and compliance.
- Monitored workers' health and wellness: Conducted regular health checks to identify potential risks and provided appropriate interventions.
- Promoted a safe work environment: Assisted in the implementation of safety protocols and procedures to reduce the occurrence of workplace accidents and injuries.
- Collaborated with project management teams: Worked closely with site supervisors and safety officers to ensure worker health and safety were prioritized across all work operations.

Male Nurse

Royal Airforce, Riyadh

1+ Year

- Delivered high-quality patient care: Provided effective care for acute and chronic conditions, maintaining a focus on patient comfort and well-being.
- Ensured strict compliance with infection control protocols: Followed and enforced stringent infection control practices to prevent cross-contamination and ensure patient safety.
- Monitored and managed patient conditions: Administered treatments and closely observed patient progress, making adjustments as necessary to optimize care.
- Collaborated with healthcare teams: Worked closely with other medical professionals to ensure a cohesive and comprehensive approach to patient care.
- Administered medications and treatments: Accurately dispensed prescribed medications and performed medical procedures in accordance with care plans.
- Educated patients and families: Provided education on health conditions, treatments, and preventive care to ensure informed decision-making and adherence to care plans.
- Maintained detailed patient records: Ensured accurate documentation of patient history, treatment plans, and progress to maintain continuity of care and compliance with regulations.

ADDITIONAL ACHIEVEMENTS & ACTIVITIES

- Successfully reduced workplace injuries by 15% through the implementation of proactive health education and training programs.
- Consistently recognized as "Employee of the Month" for outstanding performance in patient care and emergency response.
- Instrumental in the design and implementation of health and safety protocols, which were adopted organization-wide.
- Actively volunteered with local community health initiatives, offering free health check-ups and basic first aid training to underprivileged communities.

HOBBIES & INTERESTS

- Attending medical conferences and workshops to stay updated on healthcare advancements.
- Conducting awareness sessions on fitness, lifestyle diseases, and prevention.
- Reading medical journals and case studies to expand professional knowledge.
