

Mohamed Farghaly Mahmoud Farag

Riyadh – Kingdom of Saudi Arabia

01224943164 / 0537885984

Aboabdom440@gmail.com

Summary

Highly motivated and detail-oriented Civil Engineer with solid experience in both construction supervision and structural design. Proven track record in managing site operations, reviewing technical drawings, and ensuring project delivery in line with quality standards and deadlines. Skilled in using engineering software such as AutoCAD, SAP2000, SAFE, and ETABS. Gained hands-on experience through roles at the South Upper Egypt Reconstruction Authority and Al-Fawaz Office for Construction and Design. Known for strong problem-solving abilities, effective team coordination, and commitment to continuous improvement. Ready to contribute engineering expertise and leadership skills to ambitious infrastructure projects.

Education

Bachelor of Civil Engineering

Higher Technological Institute – 10th of Ramadan City

Graduation Date: May 2019

Overall Grade: Excellent with Honors

Graduation Project: Foundations and Reinforced Concrete Design

Project Grade: Excellent

Work Experience

Site Engineer / July 2021 – Present

South Upper Egypt Reconstruction Authority – Sohag Region

- Supervising on-site construction activities to ensure compliance with design specifications and safety standards.
- Coordinating with contractors, consultants, and local authorities to manage project timelines and resources.
- Preparing daily and weekly progress reports.
- Reviewing technical drawings and ensuring accurate implementation on site.
- Monitoring material quality and site safety procedures.

Design & Construction Engineer / May 2019 – June 2021

Al-Fawaz Office for Construction and Design

- Participated in architectural and structural design for residential and commercial buildings.
- Prepared shop drawings and quantity take-offs.
- Supervised small-scale construction projects from planning to execution.
- Assisted in preparing project budgets and schedules.
- Communicated with clients and ensured their requirements were met throughout project phases.

Training Courses :

AutoCAD 2D – Basic Application (24 Hours)

- Engineers Syndicate – Assiut
- September 4 – 14, 2016
- Grade: Excellent

SAP – Basic Civil Application (24 Hours)

- Faculty of Engineering, Assiut University
- August 21 – 31, 2017
- Grade: Excellent

OC Summer Training Program

- Orascom Construction – Assiut Combined Cycle Power Plant Project / July 2017
- Hands-on training in large-scale infrastructure project execution and site operations.

Skills

Personal skills:

- Strong problem-solving skills with the ability to handle on-site challenges effectively.
- Excellent communication and teamwork; able to coordinate with different project parties.
- High attention to detail and commitment to delivering quality work.
- Good time management and ability to meet tight deadlines.
- Adaptable and quick to learn new tools, systems, and site requirements.
- Capable of supervising teams and managing daily construction tasks.
- Work well under pressure and can multitask efficiently in dynamic environments.

Computer Skills:

- Proficient in Microsoft Office applications (Word, Excel).
- Skilled in using AutoCAD, SAP2000, SAFE, and ETABS for structural design and analysis.
- Familiar with internet browsing and online research tools.
- Experienced in using social media platforms for communication and updates.
- Able to learn and adapt quickly to new engineering and productivity software.

Language skills:

- Arabic: Native
- English: very good (reading), very Good (listening), very Good (speaking), very good (writing)
- French: Good

Personal Information

- Nationality: Egyptian
- Date of Birth: 03/10/1994
