Core Competencies

Project & Construction Management – Risk Management & Compliance – Infrastructure & Utilities – Budgeting & Cost Control – Health & Safety – Estimation, Planning & Scheduling – MEP & Facility Management – Contract & Commercial Management – Stakeholder & Interface Management – Communication & Stewardship – Team & Tailoring

Professional Summary

Results-driven Construction Infrastructure Project Manager with 21+ years of experience leading multi-million-dollar infrastructure, utilities, and civil engineering projects. Expertise in project execution, risk management, cost control, and contract administration. Proven track record in optimizing project timelines, reducing costs, and ensuring ISO-certified quality & safety compliance. Adept at leading cross-functional teams and improving operational efficiency in fast-paced construction environments.

Employment Report

Project Manager – Haji Hassan Group, Kingdom of Bahrain (October 2023 – Present)

Key areas – Roads & Infrastructure Projects, Sewerage & Stormwater, Marine Works, Risk, Health & Safety.

Key Responsibilities:

- ➔ Leading a \$18.4 million road and culvert infrastructure project (East Sitra Link Stage 1) with strong leadership and interpersonal communication skills.
- ➔ Managing budgets, negotiating contracts, and ensuring adherence to project scope, time, and cost through actively partnering with stakeholders.
- ➔ Overseeing interfaces, risk management, and safety compliance to optimize project execution.
- ➔ Collaborating with stakeholders to align project objectives and deliverables.

Mechanical Engineer (General) – Al Door Excavation & Building Contracting Co W.L.L, Kingdom of Bahrain (June 2023 – October 2023)

Key areas –Infrastructure Works, Sewerage & Stormwater, Health & Safety

Key Responsibilities:

- ➔ Managed infrastructure projects with a focus on Sewerage, Stormwater and Safety compliance while utilizing strong analytical and decision-making skills.
- ➔ Assessed project requirements, optimized costs, and ensured regulatory adherence.
- ➔ Liaising with suppliers & carrying out Risk Assessments.

Project Manager – Al Ahbar Constructions, Kingdom of Bahrain (December 2019 – June 2023)

Key areas – Infrastructure Projects, Piping, Sewerage & Stormwater Installation, Sheet Piling & Dewatering Works, Estimation, Planning & Scheduling, QA/QC, Risk, Health & Safety.

- ➔ Led cross-functional teams in delivering complex infrastructure works with an emphasis on team motivation and conflict resolution.
- ➔ Managed project planning, budgeting, and quality control, ensuring timely project delivery.

Achievements:

- ☞ Secured highest-value government project in company history.
- ☞ Achieved ISO 9001 & 14001 certification, improving operational efficiency by 15%.

Project/Operations Manager – Hillpoint Building Solutions, India & Qatar (November 2017 – December 2019)

Key areas – Supply & Install acoustic & engineering products & systems, Team Building, Health & Safety.

- ➔ Led project execution, budgeting, and compliance for acoustic & engineering solutions.
- ➔ Encouraged open communication and empowered teams to innovate, improving operational workflows.

Achievement:

- ☞ Successfully delivered Anechoic Chamber for AMD India, 10% under budget.

Area Manager – Vibrant Enterprises, India (August 2016 – September 2017)

Key areas – Manage & coordinate construction of residential homes, QA/QC, Communication

- ➔ Managed residential construction projects, ensuring quality and safety compliance through transparent communication and active listening
- ➔ Responsible for managing operations, developing business & increasing profitability.

Achievements:

- ☞ Launched 3 residential projects, increasing revenue by 25%.
- ☞ Reduced workplace accidents by 40% through improved safety programs.

Project Manager – Ahmed Mansoor Al A’ali, Kingdom of Bahrain (November 2006 – June 2016)

Key areas – Infrastructure Projects, Reclamation & Marine Works, Sewerage & Stormwater Installation, QA/QC, Risk, Health & Safety, Team Building, Communication.

- ➔ Led infrastructure and marine projects, including sewerage, storm water, and reclamation through effective delegation, team leadership, and stakeholder coordination.
- ➔ Ensured effective teamwork, communication, budget management, and resource planning to achieve targets.
- ➔ Maintained oversight of all project interfaces, provided clear guidance to the team, and ensured compliance with contractual deliverables.

Achievements:

- ☞ Achieved highest company profit margin of 31.2% through negotiation and strategic oversight.
- ☞ Delivered Saar Sewerage Phase 4 & Seef Drainage Phase 2 ahead of schedule.

Major Projects: Saar Sewerage Scheme Phase 4, Seef Sewerage & Drainage Scheme Phase 2, Upgrade Bapco Perimeter Fence for Refinery, Sitra & Marketing Terminal, Construct Third Inlet Flume, ASRY Marine Slipway, Bahrain Investment Wharf, Term contract works for Bahrain Petroleum Company (BAPCO) & BANAGAS (Bahrain National Gas).

Project Coordinator – MAKRO UK, United Kingdom (November 2003 – October 2005)

Key areas – Design & Coordination of Retail based store refits, Coordination, Cad Works.

- ➔ Led the team for the store retrofits by aligning diverse team inputs into a unified design strategy.
- ➔ Handled the design, drafting and development of shop drawings with design optimization and cost efficiency.

Technical Engineer – Chab Industrial Co L.L.C, United Arab Emirates (August 1999 – April 2002)

Key areas – Design, Manufacturing, Erection, Servicing & Maintenance.

- ➔ Responsible for design, manufacturing, erection, servicing & maintenance of refuse chutes, waste compactors, incinerators and waste management systems.
- ➔ Led design and manufacturing improvements, transitioning to digital CAD.

Achievements:

- ☞ Enhanced design standards and internal team productivity by transitioning from manual drafting to AutoCAD R14.
- ☞ Improved employee productivity and streamlined procedures to minimize costs.

Mechanical Supervisor – Sasi Foundry & Engineering Works, India, (June 1997 – December 1997)

Key areas – Drawings & Fabrication.

- ➔ Supervision of fabrication & production works in the workshop.
- ➔ Allocation of resources and managed materials inventory.

Education

- ❖ **Bachelor of Mechanical Engineering** from **Manonmaniam Sundaranar University, India**, October 1998.
- ❖ **Master of Business Administration in Finance (MBA)** from **London School of Commerce, Charles Sturt University, United Kingdom**, October 2004.
- ❖ **Master of Business Administration (MBA) in Project Management** from **Bharathiar University, India**, October 2022.
- ❖ **Post Graduate Diploma in Management & E-Commerce** from **London School of Commerce, United Kingdom**, November 2004.

Certifications & Training

- ❖ **Chartered Engineer, The Institution of Engineers (India)**, Reg. No M-1628938.
- ❖ **CAPM (Certified Associate in Project Management), Certificate No 2802933.**
- ❖ **MS-Office & Computer Fundamentals, Aptech**, Course No. 36661, India.
- ❖ **AutoCAD, Mata Amritanandamayi Computer Institute**, India.
- ❖ **Primavera (Project Planning & Management), Al Moalem Institute**, Bahrain.
- ❖ **Internal QMS Auditor** certified by **Bureau Veritas & IRCA**, No. A17177.
- ❖ **ISO 9000:2000 Series Foundation Course, Bureau Veritas & IRCA**, No. A17176.
- ❖ **“Traffic Management Training Workshop”, Ministry of Works, Bahrain.**

Professional Memberships

- ❖ **Bahrain Committee of Engineering Professional Practice Registered Engineer, CRPEP** Registration No. **EPP/ C2433/ME/03-B.**
- ❖ Member of **Institution of Engineers (India)**, Membership No. **M-1628938.**
- ❖ Member of **Project Management Institute (PMI)**, Membership ID # **2252229.**
- ❖ **American Society of Mechanical Engineers (ASME)**, Membership ID # **100130298.**

Health & Safety

- ❖ **NEBOSH IGC International General Certificate 1, 2 & 3.**
- ❖ **Institution of Occupational Safety & Health (IOSH), UK**, Managing Safely Course.
- ❖ **“CIEH” Level 2 Award in Principles of Risk Assessment** from “The Chartered Institute of Environmental Health”.
- ❖ **Certified First Aider** from **Medic First Aid, Health & Safety Institute, USA.**

Dissertation

- ❖ **Condition Monitoring & Preventive Maintenance of Rotating Machines** using IRD-306 and IRD-FAST TRACK at the **K.M.M.L, Kerala, India.**

Personal Particulars

- ❖ **Date of Birth** : 23rd November 1975.
- ❖ **Languages (Fluent)** : English, Hindi, Malayalam and Tamil.
- ❖ **Passport No** : V 1865599.
- ❖ **Driving License** : India, Bahrain & Qatar.
- ❖ **Nationality** : Indian.
