Riyadh, Saudi Arabia

SUMMARY

Proficient Project Engineer with multiple years of experience driving over various projects to completion and having good knowledge and understanding of occupational health and safety. I have an extensive experience of working on a number of challenging and interesting projects within a variety of Roads sectors, including Commercial and residential building. Highly skilled and knowledgeable personality with a strong record of sound and safe public works construction projects. Adept at coordinating with building and engineering professionals for every project stage. Strong multi-tasker with exceptional skill in functioning well in a high- pressure work environment. Expert in overseeing technical staff and checking that projects are completed on schedule, within budget and according to specifications.
