OBJECTIVE

Keen to obtain a demanding position in a well-established company wherein I can utilize my skills, capabilities, education and experience thereby contributing to the company's growth and achieving the personal goals of my career.

PERSONAL PROFILE:

As an approved Auto-CAD Draftsman from **Red Sea Global** (RSG), my objective is to contribute to the company's success by producing the most accurate and feasible illustrations for the projects assigned to me. My experience as an Auto-CAD Draftsman in architectural, structural & enabling works industry broadened my knowledge and enhanced my skills in creating and modifying 2D drawings using the latest technologies. I am eager to learn and further my proficiencies by constantly improving my work and accepting all kinds of assignments handed out to me. With this said, I am confident that I can measure up to the expectations of the company.

PROFESSIONAL EXPERIENCE (Over 15 Years):

I have more than 15+ years of fine experience in drafting, especially in preparation of drawings of Layout, Plans, Elevations, Steel Structure, Detailed Drawings of Equipment, Foundation & infrastructures. I have also experience in Supervision in Fabrication and Erection of prefabricated structures. I am also experienced in quantity estimation of steel structures, and civil works on different mega projects including Buildings, Dam, Barrages and foundation piling, CSM, Diaphragms walls, And marine piling.

SKILLS:

- Highly experienced in preparing Auto-CAD drafting for construction projects.
- Quantifying the earthwork, stockpile using Civil 3D.
- Operational knowledge of MS office, Urdu In-page and many more computer software's.
- Good knowledge of construction and design principles.
- Familiarity with digital photography and photo enhancement.
- Ability to prepare landscaping, electrical, water supply, sewerage system and other drawings.
- Ability to prepare architectural documents.
- Maintenance of data records and updating of log sheets.
