AL BAWADI OIL REFINERY

Safety Officer 2015-2018

- Enforce compliance with all HSE policies, procedures, and regulations.
- Conduct regular site inspections, audits, and risk assessments to identify potential hazards.
- Develop and implement safety training programs for employees and contractors.
- Investigate incidents, near misses, and accidents, and prepare detailed reports with corrective actions.
- Maintain and update safety records, permits, and documentation.
- Ensure that Personal Protective Equipment (PPE) is used properly and is in good condition.
- Liaise with local authorities, emergency services, and regulatory bodies as required.
- Promote a proactive safety culture through toolbox talks, safety meetings, and hazard awareness sessions.
- Participate in the development and review of Job Safety Analyses (JSA), Permit to Work (PTW) systems, and emergency response plans.
- Monitor the handling, storage, and disposal of hazardous materials.

JUMA AL MAJID GROUP DUBAI/ABUDHABI Safety Officer 2013 - 2016

PROJECTS

Forklift & Aerial Work Platform Operations in Jungheinrich (Aerial Working platform) . Managed safety for forklift and aerial platform operations, including inspections, operator training, incident investigations, and compliance with OSHA and site-specific safety standards. Risk Assessment and Hazard Identification (HAZID):

- **Façade & UPVC Façade Installation Projects overview:**

Ensured HSE compliance during UPVC and external façade installation, including lifting operations, work-at-height safety, and contractor coordination on high-rise projects.

- **Furnace base Oil Project Overview (United Arab Emirates-Sharjah)**

Worked on the installation, commissioning, and operation phase of a furnace centrifuge system used in oil and gas processing operations. The project involved high-temperature systems, rotating machinery, hazardous materials, and confined space entry. Developed and implemented a site-specific safety plan for off shore drilling, conducted safety briefings, led risk assessments, ensured PPE compliance, and managed incident investigations to reduce hazards and improve safety.
