Charsadda, Pakistan • +92310-9930-825 • ziaulhaq.cad.pk@gmail.com

## PROFESSIONAL SUMMARY

Detail-oriented and proactive Civil Engineer with hands-on 2+ years of experience in residential building design, architectural visualization, and public infrastructure projects. Successfully delivered 300+ international freelance projects, specializing in 2D drafting, construction drawings, permit sets, and photorealistic renderings. Skilled in both digital design and on-site supervision, with proficiency in AutoCAD, Revit, SketchUp, and Lumion. Experienced in remote collaboration with international contractors, subcontractors, builders, real estate agents, and clients. Proven ability to deliver high-quality, code-compliant designs through effective communication and teamwork.

## WORK EXPERIENCE

### Freelance Residential Building Designer - Remotely Feb 2023 - Present

- Delivered over 200 residential design projects for international clients (USA, UK, Canada, KSA), ranging from small renovations to full custom home designs.
- Specialized in 2D/3D architectural drafting, construction drawings, permit sets, and technical documentation based on client needs and local codes.
- Collaborated with contractors, builders, and homeowners to ensure high-quality deliverables with fast turnaround and precise execution.

### Freelance 3D Architectural Visualizer - Remotely May 2023 - Present

- Provided 3D visualizations and animation for residential and commercial spaces internationally.
- Produced photorealistic interior and exterior renders using SketchUp, Lumion, and Adobe Photoshop.
- Collaborated with real estate agents and developers to support property marketing strategies.
- Successfully completed 100+ visualization projects with 5-star reviews for creativity and precision.

### Trainee Civil Engineer - C&W Building Division, Mardan Pakistan Jul 2023 - Sep 2023

- Supported a government hospital construction project through on-site and office-based roles, assisting in drawing reviews, revisions, and 3D visualizations to align stakeholders.
- Conducted site inspections to track progress against approved plans, gaining hands-on experience in both digital design and field coordination on a large-scale public sector project

### Trainee Civil Engineer - C&W Highway Division, Charsadda Pakistan Jul 2024 - Sep 2024

- Assisted in AutoCAD drafting of road cross-sections and alignments for a 20+ km highway project, along with documentation and plan reviews for approval.
- Conducted site visits to monitor construction progress and ensure compliance with design standards, gaining practical experience in both drafting and field supervision.

## EDUCATION

### Bachelor of Science in Civil Engineering 2021 - 2025

University Of Engineering & Technology, Mardan Pakistan | CGPA: 3.2/4

## ADDITIONAL INFORMATION

### Languages:

- Pushto (Native)
- Urdu (Fluent)
- English (Fluent)

### Skills & Tools:

- Tools:** Autocad | Revit | Sketcup | Chief Architect | Excel | Photoshop | Ai | Sap2000 | ETABS | Lumion | Civil3D
- Core Skills:** Construction drawing | Permit drawing | Technical drawing | Concept design | 3d Interior & Exterior Visualization | 3d Modeling
- Machine Learning:** GEP | Random Forest
- Soft Skills:** Communication | Client handling
- Construction & Site work:** Site Supervision | Health & Safety in Construction
