

Mohammed Riyas

Architect | BIM Modeller

A highly motivated and detail-oriented Architecture Graduate with practical experience in Architectural Planning, Interior Design, and 3D Visualization. Through academic, internship, and freelance engagements, I have worked on a variety of Residential, Commercial, and Institutional projects. I bring proficiency in industry-standard software and a keen eye for form, function, and narrative-driven design. Passionate about creating spaces that are not only functional but also visually compelling and contextually meaningful.
