### ABOUT ME

Experienced Civil Engineer with extensive expertise in project execution and site supervision. I am skilled in using Microsoft Office applications, teamwork, and effective project planning. Holder of a Bachelor's degree in Civil Engineering with significant experience in construction and contracting in Saudi Arabia.

### EXPERIENCE

#### **1.A. Civil Engineer – Mohammad Al-Ojaimi Contracting Group (Madinah) Period: October 2024 – Present**

**Project name:**

THE CONSTRUCTION OF CULVERT FOR SOUTHERN AREA IN KEC .

**Duration:** 1 year

**Role:** Site Engineer

**Description:** Worked as the Site Engineer responsible for overseeing and executing all structural activities related to a rainwater drainage project. The scope of work included the installation of reinforcement steel for foundations, walls, and slabs, followed by concrete pouring for each structural element. My role encompassed full on-site supervision, coordination with contractors, ensuring compliance with engineering drawings and safety standards, and managing daily progress to meet project timelines. The project was supervised by Aba Al-Khail Engineering Consultants, ensuring that all structural works adhered to the highest quality and regulatory standards.

#### **1.B. Civil Engineer – Mohammad Al-Ojaimi Contracting Group (Madinah) Period: October 2024 – Present**

**Project name:** Construction of Infrastructure Works for Madina Gate in KEC Southern Area. In-charge of implementation and construction of infrastructure networks (Sewer, Storm Water, Water, Irrigation & Roads).

Supervising project execution and tracking progress.

Preparing work reports and reviewing schedules.

Coordinating with team members and contractors to ensure quality.
