SUMMARY

I am a Civil Engineer with a Master degree from The National University of Malaysia (UKM), specializing in structural design, site supervision, and construction management. Proficient in industry-standard software such as AutoCAD, SAP2000, ETABS, SAFE, SP Column, and STAAD. Demonstrates strong leadership, problem-solving, and communication skills, with a focus on quality assurance and ensuring contractor compliance. Eager to contribute to impactful civil engineering projects in a dynamic professional environment.
