AL Qalyubia, Egypt

Mobile: +2 01030788484

E-mail: mohamed.fawzy664@gmail.com

Marital Status: Married

Birth Date: 25/10/1995

Nationality: Egyptian

Military status : final exemption

Objective

Seeking a challenging site position in a well-established reputable company where I can enhance my practical skills, increase my experience and push your company forward as much as I can.

Educational Qualifications: • **BSc in Civil Engineering, Giza Higher Institute of Engineering.**

- Graduation Year: **2018.**
- Overall Grade: **Very Good.**
- **Project:** High way & Airports.
- Grade: **Excellent.**

Other Qualifications: • Holds a structural design diploma from Bena Academy. • Holds a diploma in execution from the Giza Higher Institute of Engineering

Summary

Senior civil engineer (site implementation and supervision) with more than five years' experience. Strong communication skills, with the ability to interact professionally and successfully with customers, management, consulting engineers and all employees. Possesses excellent time management, interpersonal and organizational abilities. Adaptable, hardworking and driven to achieve. Most of my practical experience is in establishing and developing (hospitals - medical centers - drug stores - medical waste incinerators - blood banks... etc.) and post offices affiliated with the Egyptian Postal Authority.

Moreover, I want to look for and get a job in a reputed organization where I can better demonstrate, apply and develop my knowledge and abilities in the field of civil engineering.
