- Subcontractor & Contract Management
- Procurement & Resource Allocation
- Change Management & Project Controls
- Health, Safety, and Environment (HSE)
- Stakeholder Communication
- Handover & Closeout Procedures
- Technical Submittals & Shop Drawings
- BIM Awareness (Navisworks, Revit)
- AutoCAD, MS Project

## **PROFESSIONAL EXPERIENCE**

### **Civil Construction Manager**

#### **China Railway Construction Corporation (CRCC), Saudi Arabia | Sep 2023 – Present**

Project: ARAMCO Corporate Academy, Dhahran (500M SAR)

- Managed site execution and compliance for main building, ancillary structures, infrastructure, and car parking.
- Liaised with Aramco PMT, PID, LPD teams and coordinated subcontractors (post-tensioning, grouting, shotcrete).
- Ensured project milestones and KPIs met across procurement, quality, and HSE functions.
- Produced technical submittals, progress reports, and resolved site issues proactively.
- Mentored junior engineers, promoting QA/QC best practices and HSE culture.
- Prepared WBS-based project schedules and tracked KPIs across procurement and QA/QC functions.

### **Senior Tunnel & Civil Engineer**

#### **NEOM Spine Infrastructure, Saudi Arabia | Sep 2021 – Aug 2023**

Project Value: 1.20 Billion SAR

- Led tunnel portal and adit construction (Adits 4,5 & Portals 4,5,6), including rock cutting and portal access.
- Executed complete batching plant and explosives magazine works from design to commissioning.
- Delivered support facilities: WTPs, foundations, technical rooms, roadworks (gabion, riprap, geogrid, asphalt).
- Coordinated explosives magazines, safety permits, and blasting operations with zero incidents.
- Supervised site preparation, excavation, backfilling, and compaction operations.

### **Regional Manager / Project Construction Engineer**

#### **Saudi Tashyeed Company, Jeddah, Saudi Arabia | Feb 2014 – Aug 2021**

- Managed full scope of Prince Abdelmageed housing project and 5 government school facilities.
- Oversaw BOQ, quantity surveying, and design verification for multiple educational and residential projects.
- Coordinated maintenance and handover operations for multiple schools in Riyadh and Jeddah.

## **Construction & Infrastructure Engineer**

**Al-Nasr Buildings & Construction Company (EGYCO), Egypt | Apr 2007 – Jan 2014**

- Delivered elevated tank systems (Slipform) in Damass and Olyla villages.
- Directed large-scale sewer network projects with underground tunneling (pipe jacking, RCP).
- Led construction of multiple sewage lift stations, inspection chambers, and pressure lines (UPVC, HDPE).

## **Site Construction Engineer**
