CIVIL ENGINEER

civil engineer with six years of experience in project management and site supervision. I have successfully supervised numerous high-budget projects, from inception to completion, ensuring timely delivery and adherence to engineering standards. I also have extensive experience collaborating with a team to achieve project objectives and reduce costs while maintaining quality and safety standards. I have also worked on various projects, including residential buildings, roads, water and sewer networks, and structural renovations, and am proficient in the use of engineering software in this field.

EDUCATION

Bachelor of Civil Engineering from the Faculty of Engineering, South Valley University
(Sep2013 – July2018) .

- Cumulative Grade: Very Good.
 - Graduation Project: Design of Reinforced Concrete.
 - Graduation Project:Excellent
-
