Professional Summary

Civil Engineer with hands-on experience in site execution, supervision, and project coordination in both real estate and infrastructure sectors. Proven ability to enhance site productivity and safety compliance. Currently working on a high-voltage transmission line project with KEC. Seeking to grow into a Project Manager role while contributing to large-scale, impactful civil engineering projects.

Work Experience

Site Civil Engineer | KEC International | 2025 – Present

- Supervising the construction of a 170 km high-voltage transmission line from Al Muwayh to Taif.
- Reviewing drawings, monitoring tower erection and foundation works.
- Ensuring site safety and quality compliance based on SEC protocols.
- Increased safety adherence by 35% through daily inspections and reporting.

Supervisor Foreman | DUR Real Estate Development | 2022 – 2023

- Supervised construction teams on multiple real estate development projects.
- Ensured quality standards and deadlines were consistently met.
- Coordinated with engineers and subcontractors for accurate execution.
- Reduced rework incidents by 30% through improved site coordination.

Intern | Ministry of Transport | 2024

- Participated in infrastructure project evaluations and site visits.
- Supported preparation of technical reports and BOQs.
- Collaborated with engineering teams on project documentation.
- Increased report accuracy by 25% through structured data entry and formatting.

Education

Bachelor of Civil Engineering | King Khalid University | 2025

Senior Project: Design of a Water Distribution Network for a residential district in Abha.

Technical Skills

- Concrete and Steel Structure Works
- Construction Drawing Interpretation
- Site Supervision and Reporting
- AutoCAD, MS Office
- HSE and Quality Control Awareness

Soft Skills

- Teamwork & Communication
- Accountability & Time Management
- Problem-Solving Under Pressure
- Adaptability

Certifications

- Certified Associate in Project Management (CAPM) – PMI
- OSHA Safety Certification
- Risk Management Course
- Member of Saudi Council of Engineers (SCE)
