TECHNICAL SKILLS

- Software: AutoCAD, SAP2000, ETABS, Abaqus, Mathcad, Python, MS Office
- Standards: ACI 318 Code, Saudi Building Code (SBC), ASTM, OSHA

LANGUAGES

- English (Fluent)
- Arabic (Native)

PROFILE

Results-driven Civil Engineer (MSc in Structural Engineering) with 2+ years of hands-on experience in site supervision, water infrastructure, and pipeline construction for large-scale projects. Proven ability to manage multidisciplinary teams, ensure QA/QC compliance, and deliver projects on time. Adept at AutoCAD, SAP2000, and HDPE pipeline systems, with a strong grasp of international standards.

WORK EXPERIENCE

Hussein Atieh & Sons Co. FEB 2025 - PRESENT
Site Engineer (Superintendent Support)

- Managed sub-contractor bills, monitored tender documents, and verified BOQ compliance alongside construction oversight.
- Led water tank, HDPE/ductile iron pipeline, and auxiliary structure builds, ensuring design adherence.
- Optimize workflows and resource allocation, currently tracking 10% ahead of projected schedule milestones

Nimer Al-Lawzi & Partners Contracting Jul 2024 - Feb 2025
Site Engineer

- Managed pipe fitting and water tank projects, interpreting pipeline profiles to align with specifications.
- Conducted quality control inspections, improving construction accuracy by 15%.
- Coordinated with subcontractors and suppliers to mitigate delays.
- Reviewed tender docs and tracked BOQ variances during pipe/water tank projects.

Est. for Contracting Construction Oct 2022 - Feb 2024
Site Engineer

- Led site teams for civil construction projects, including building construction, ensuring on-time delivery and 100% specification compliance.
- Prepared BOQs and allocated resources, cutting costs by 12% through optimized task scheduling.

EDUCATION

MSc in Structural & Construction Engineering Sep 2022 - Feb 2025
Hashemite University
GPA: 3.43 / 4.0

BSc in Civil Engineering Sep 2018 - Sep 2022
Al-Hussien Bin Talal University
GPA: 81.35 %
